Comment on Agenda Item 6:

Unfortunately I have a meeting conflict today so cant participate in the meeting. I do want to make the following remarks:

I strongly believe that it is essential that FQMD start working collaboratively with the Mayor Office is to develop and finalize the CEA for the FQ EDD funds.

Also, the ballot language, in my view, will not convinced the residents of the Quarter to vote YES. Further definition of how the funds will be spent needs to be included in the CEA and negotiated with the City by no later than the end of February.

For example, the \$2 million needs to be dedicated to continuance and growth of the existing supplemental police Blue Light patrols and its App. That, in my view, is what the voters want plus, with the loss of the State Police, we need the expanded FQ Task Force.

The ballot language puts FQMD in the Public Safety and Security business with all the risks and liabilities that goes along with that. Is that want FQMD wants?

That can be minimized by NOT making the program a Detail and having the Officers work directly for NOPD on an overtime basis.

Note: A \$2m program would double the size of the 2019 FQ Task Force and require a pool of up to 60 Patrol Officers.
