Summary of Month Activities

4/8/2023

Felix's restaurant management received a phone call from a hostile ex-employee expressing his intention to return to the premises. The recently terminated employee stated that he would be returning to collect his remaining pay, and would "flash the place up" if he was denied. Given the obvious urgency of the matter, the assistant manager immediately initiated a call to 911. While he remained on the phone for multiple minutes with the operator, the general manager, Matt Shaw, contacted UFQ detail administrator, Matthew Pincus, in an effort to get additional assistance. At this point, 2 UFQ Deputies were immediately contacted and requested to respond to the incident. Moments later, Matt Pincus received a follow up text that the ex-employee had in fact arrived at the restaurant and was attempting to enter the management office without authorization. Within the next 2 minutes, UFQ Deputies arrived on location and proceeded into the restaurant. Almost simultaneously, a responding NOPD unit arrived on scene. All responding personnel then proceeded up the stairwell, where they contacted two black males seated outside of the management office. A pat down of both subjects revealed a concealed firearm in the waistband of one individual. Both subjects were taken into custody without incident, placed under arrest and charged accordingly.

Summary of Month Activities

- UFQ Deputies continue to contact individuals with stolen property during routine patrols. The majority of this merchandise is being taken from Walgreens, likely both the Canal and Royal St. locations. Because these businesses are not interested in pursuing criminal charges, UFQ personnel can only recover and return property to store staff.
- Activity in all categories this month is the highest recorded since UFQ patrols have commenced. The rise in statistical data is directly related to increased patrol hours resulting in substantially more business checks and subjects moved. Additionally, recent events such as French Quarter Fest and Jazz Fest have brought substantial visitors to the FQ resulting in increased citizen contacts, subjects moved and EMS requests.
