

## LIVABILITY COMMITTEE

### Meeting Notes

Monday, 2 October 2023, 3:00 pm

*Covenant House, Board Room,  
611 N. Rampart Street, New Orleans, Louisiana 70112*

#### 1. Call to Order, Reading of the Agenda, and Roll Call

The meeting was called to order at 3:03 pm and the agenda was read into the record.

| ROLL CALL: COMMITTEE MEMBERS |            |         |        | MOTIONS               |                                                                            |
|------------------------------|------------|---------|--------|-----------------------|----------------------------------------------------------------------------|
| First Name                   | Last Name  | Present | Absent | Approve Meeting Notes | Present the N. Rampart safety survey results to the Board of Commissioners |
| Madison                      | Charleston |         | X      | -                     | -                                                                          |
| Rene                         | Fransen    |         | X      | -                     | -                                                                          |
| Mamie                        | Gasperecz  | X       |        | Yes                   | Yes                                                                        |
| Erin                         | Holmes     | X       |        | Yes                   | Yes                                                                        |
| Christian                    | Pendleton  | X       |        | Yes                   | Yes                                                                        |
| Graham                       | Williams   |         | X      | -                     | -                                                                          |
| Antonio                      | Carbone    | X       |        | Yes                   | Yes                                                                        |

| INTRODUCTION OF ATTENDEES: GUESTS |              |                         |
|-----------------------------------|--------------|-------------------------|
| First Name                        | Last Name    | Role                    |
| Karley                            | Frankic      | FQMD Executive Director |
| Shelby                            | Ursu         | FQMD Coordinator        |
| Alex                              | Dunkenberger | CAO's Office            |
| Gretchen                          | Byers        | VCPOA                   |
| Ramy                              | Fares        | Sobering Center         |
| Robert                            | Chandler Jr. | Odyssey House           |

#### 2. Public Comment

From: **Robert Simms** <[nolabob74@gmail.com](mailto:nolabob74@gmail.com)>

Date: Mon, Oct 2, 2023 at 10:49 AM

Subject: RE: Public Comment – Agenda Items 7 & 9

To: Karley Frankic <[kfrankic@fqmd.org](mailto:kfrankic@fqmd.org)>

Cc: Mamie Gasperecz <[msgasperecz@gmail.com](mailto:msgasperecz@gmail.com)>, Erin Holmes <[erinholmes@vcpora.org](mailto:erinholmes@vcpora.org)>

#### Quarter Clean Sanitation

The cleanliness of the French Quarter continues to decline. A few examples:

# French Quarter MANAGEMENT DISTRICT

1. The liners for some public trash bins were removed several weeks ago. Bags are covering some of them to discourage public use while others are open. Surely we can install new liners?
2. The pressure washing of the required streets does happen - maybe not to the required frequency but it does happen. That said the sidewalks are no cleaner after pressure washing than before.
3. The hand sweepers are much less visible than say a year ago.
4. The Big Belly trash cans are nasty and visually do not belong in the French Quarter.

On the positive side garbage collection continues to be very effective. Also the "orphan trash bag" collection is very good. The number of bags they pick up is astonishing. Are that many residents and businesses not paying their sanitation fee?

## New Business

FQMD should consider using some of the State funding to enhance the level of sanitation in the French Quarter. A deep clean of the sidewalks to return them and keep them looking clean and attractive would be one suggestion.

A motorized gutter cleaning vacuum machine similar to what the DDD uses would help improve cleanliness.

Replacing the Big Belly trash cans would be another suggestion

Respectfully submitted

Bob Simms

FQ Resident

3. Motion - Approval of previous meeting notes

**Christian Pendleton motioned to approve the previous meeting notes. Antonio Carbone seconded the motion, and it was approved.**

Mr. Carbone noted that the contact information for the Department of Public Works (DPW) liaison between the Livability Committee and updates with the 735 Project has not been provided yet. [Alex Dunkenberger will provide the contact information.](#)

4. Committee Chair Comments

Chair Mamie Gasperecz welcomed the Committee and guests and turned her allotted time over to guest speakers Ramy Fares from the Sobering Center and Robert Chandler from Odyssey House. Mr. Fares introduced himself to the Committee and discussed his experience managing the Sobering Center. He reported that the facility has been operational for a year and is equipped with 24/7 outreach, 25 beds for intoxicated individuals, a van that patrols the French Quarter and other New Orleans neighborhoods, available showers and laundry services, meals, lockers to secure belongings, and detox services – to which the Sobering Center provides transportation. A continuum of care is the main goal for the Sobering Center. Mr. Fares reported that within this past year, the center has served over 2,600 clients, with a 22% rate of individuals going on to other detox services. He stated that the majority of people coming in for services come from Canal and Bourbon Streets. Individuals must voluntarily choose to come to the center and can stay between four to twelve hours. The facility also acts as a cooling center in the summer and a heating center in the winter. Mr. Fares noted that the Sobering Center partners with the NOPD, EMS, the Downtown Development District (DDD) Rangers, Unity, and Odyssey House. The Sobering Center also works with the Traveler's Aid Society of Greater New Orleans (TASGNO) and with the Law Enforcement Assisted Diversion (LEAD).

Ms. Gasperecz asked on Committee member Graham Williams' behalf how many frequent flyers the center sees on a monthly basis. Mr. Fares responded that the groups coming in are constantly changing month to month but noted that on average there are 15-25 repeat clients. Karley Frankic asked if there was a phone number that citizens and businesses can call if they see someone who may need their services. Mr. Fares answered yes, and informed the Committee that on Thursdays, staff from the Sobering Center will pass out business cards with their outreach number to businesses such as hotels, bars, and restaurants. He added that there is a Sober Patrol that approaches individuals

# French Quarter MANAGEMENT DISTRICT

passed out on the sidewalk to see if they would like to go to the Sobering Center, and in September they picked up 60 voluntary individuals.

Mr. Chandler introduced himself to the Committee and discussed the long-term treatment programs at Odyssey House, which provide mental health services and case management programs with wrap-around services aimed towards moving individuals back into permanent and secure housing. He also informed the Committee of a culinary arts program that is attached to the long-term treatment programs in which clients are trained in the skillsets of both the restaurant and hotel industries. These individuals usually finish the curriculum within three to four months, and then take a State test in order to receive a certificate which helps them get back into the workforce. Erin Holmes asked how many individuals are usually in these programs. Mr. Chandler answered that they normally have around 20 participants, adding that about 85% complete the course. He noted that Odyssey House also offers a long-term Sober Living Program where individuals can receive continuing support care and stay at Odyssey House for a year or more to utilize the available resources. Ms. Gasperecz thanked Mr. Chandler and Mr. Fares for their dedication and hard work and suggested connecting them to the FQMD Security and Enforcement Committee. Ms. Frankic will introduce Mr. Chandler and Mr. Fares to Security and Enforcement Committee Chair Jane Cooper.

a. Update on glass recycling programming

No new updates were discussed.

5. Presentation – Presentation of North Rampart Safety Survey Preliminary Results: to present Erin Holmes and Antonio Carbone

Ms. Holmes began the presentation by speaking to the Committee members about the number of accidents that she has witnessed on North Rampart Street due to the lack of protective measures for cyclists and pedestrians. Mr. Carbone added that with the 2017 completion of the streetcar line on N. Rampart, foot traffic is dramatically increasing, and more businesses are opening which makes improved infrastructure and safety paramount for this street. Ms. Holmes and Mr. Carbone have launched a safety survey for stakeholders, residents, and commuters who use N. Rampart Street on a regular basis to see what infrastructure improvements locals would like to see implemented. Mr. Carbone reported that the survey will close by October 6<sup>th</sup> and so far, they have received 276 responses. Mr. Carbone encouraged Committee members to complete the survey if they have not already, and to spread the word about the survey to their friends. Of the preliminary responses, 50% of respondents came from the 70116 zip code, 70% of respondents were residents of the French Quarter, and 30% were commuters. He reported that the survey responses show consistent results that residents do not feel safe driving, walking, or biking on Rampart Street. Over 80% of respondents said that the signage at the intersection of Toulouse and Rampart Street is unclear and unsafe. With the DPW's 735 Project coming up, Mr. Carbone stated that this intersection should be a priority for new signage and restriping.

Reviewing the preliminary results with the Committee, Mr. Carbone broke down the percentages of approval ratings. Curb extensions to widen sidewalks and shorten pedestrian time out in the street and the addition of speed humps both have a 62% approval rating with respondents. The improvement of a protected bike lane has received a 69.5% approval rating, while the reinstallation of a stop light on St. Ann Street has received a 71.4% approval rating. High visibility crosswalks have received an 83.6% approval rating, while fewer left turn opportunities received a 29% approval rating. Mr. Carbone stressed the importance of the community's feedback and stated that it is urgent and imperative that these survey results be taken into the DPW's consideration. Mr. Carbone asked the Committee to use the final results of the survey after the October 6<sup>th</sup> deadline to create a presentation for the Board of Commissioners October 9<sup>th</sup> meeting to consider allocating funds to both interim and permanent solutions that will improve the safety and infrastructure of North Rampart Street. Mr. Pendleton suggested that the Committee get a rough estimate of the costs for these infrastructural changes before presenting them to the Board. Ms. Holmes noted that the DPW has the restriping for higher visibility crosswalks and the addition of flex posts in their interim solution which is already planned, and these are funded by the City. Mr. Carbone added that this interim project will set the groundwork for longer-term permanent solutions. Ms.

# French Quarter MANAGEMENT DISTRICT

Gasperecz stated that she is not in favor of bringing Committee work into the full Commission, but even though there are some unanswered questions for this project, she believes the Committee can bring a reasonable proposal to the Board at this point in time. **Ms. Holmes made a motion for the Livability Committee to present the North Rampart survey results to the Board of Commissioners and use those results to engage with the DPW on interim treatment 735 Project and continue to work on long-term interventions and sources of funding. Mr. Carbone seconded the motion, and it was approved.**

6. Presentation – Presentation of Monthly Sanitation Key Performance Indices: to present Karley D. Frankic

See attached document. Ms. Frankic reported that the KPIs for September are consistent with previous months, with the exception of one instance of speeding.

7. Presentation – Presentation of Quarter Clean Request for Service Response Time Data: to present Karley D. Frankic

See attached document. Ms. Frankic reviewed the response times with the Committee and noted that reports of organic waste are the only factors in the KBS contract that have a time-sensitive response period - which is required to be within one hour. Ms. Frankic reported that overall, KBS has been very responsive to the incoming emails and suggested that the Committee submit any requests through the email, adding that this helps FQMD staff keep track of KBS's progress. Mr. Carbone asked if this is a resource that Committee members should encourage citizens to use for all sanitation issues in the French Quarter. Ms. Frankic answered yes and stated that along with organic waste removal, KBS will remove graffiti on public property, remove large goods, and remove trash from small businesses and residents. She noted that KBS will report construction debris and overflowing dumpsters to the Sanitation Department so the Sanitation Ranger can address the reported issue. As a Keep Louisiana Beautiful affiliate, Ms. Frankic reported that the FQMD is obligated to do another event for Keep the Quarter Clean this year and informed the Committee that FQMD staff will be taking flyers out in the neighborhood to better inform residents of the available KBS resources.

8. Presentation – Presentation of 5G Small Cell Tower / Streetlight Survey Results: to present Karley D. Frankic

See attached document. Ms. Frankic reviewed the 5G small cell towers summary document with the Committee and reported that 156 5G small cell tower permits were issued, with 136 5G poles installed that have been field verified, nine poles with no permits that have been installed, and 20 that have been issued a permit, but not field verified for installation. She noted that of the permitted 136 installed 5G poles, the exact locations are documented, and of the nine installed poles without permits, closest addresses have been identified. She stated that the streetlight Asset IDs and 5G vendors have been ascertained and the next step is to present the data to the Board of Commissioners, and then to the DPW so that the information can be incorporated into a 311-call system.

9. New business – To consider and take action upon any other matters that may properly come before the French Quarter Management District Livability Committee

Mr. Pendleton recommended that all festivals in the French Quarter consider using the Glass Half Full as a resource for recycling and waste reduction, as well as an organization that collects and recycles oyster shells from restaurants, which he will find the name of and relay to FQMD staff. Mr. Pendleton also recommended using a portion of the State allocated funds towards annual storm drain vacuuming to help mitigate flooding in the French Quarter during hurricane season. He will provide cost estimates at the next Livability Committee meeting.

10. Next meeting date

The next scheduled meeting of the Committee is Monday, November 6<sup>th</sup>, 2023, at 3:00 pm.

11. Adjournment

**Mr. Pendleton made a motion to adjourn. Ms. Holmes seconded the motion, and the meeting was adjourned at 4:10 pm.**

## French Quarter KPI Reporting for the month of September

**97%**

Of 3x per week and daily pressure washing completed; incompletions due to construction, crime, movie filming, and other unforeseen detours

100% of monthly pressure washing blocks completed

Graffiti removed from 1568 spaces of public property in September

**99%**

Street Flushing Completed

**1**

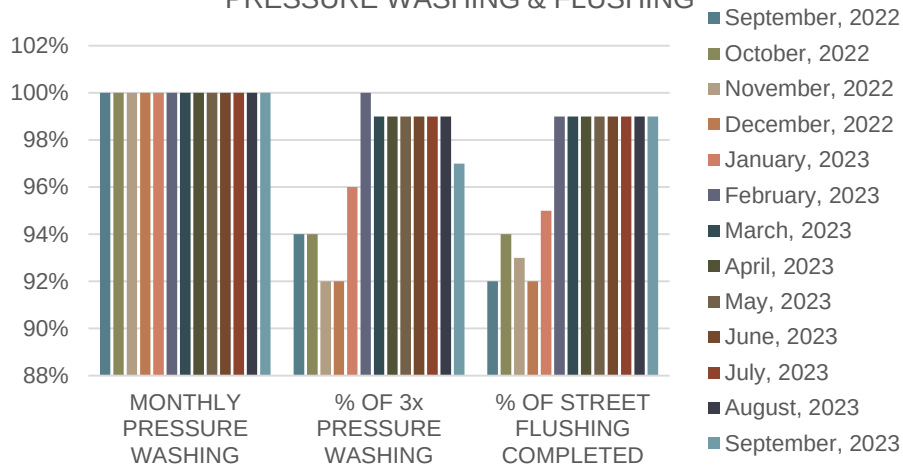

Instances of speeding 5+ miles over the speed limit over 120 routes in **September**

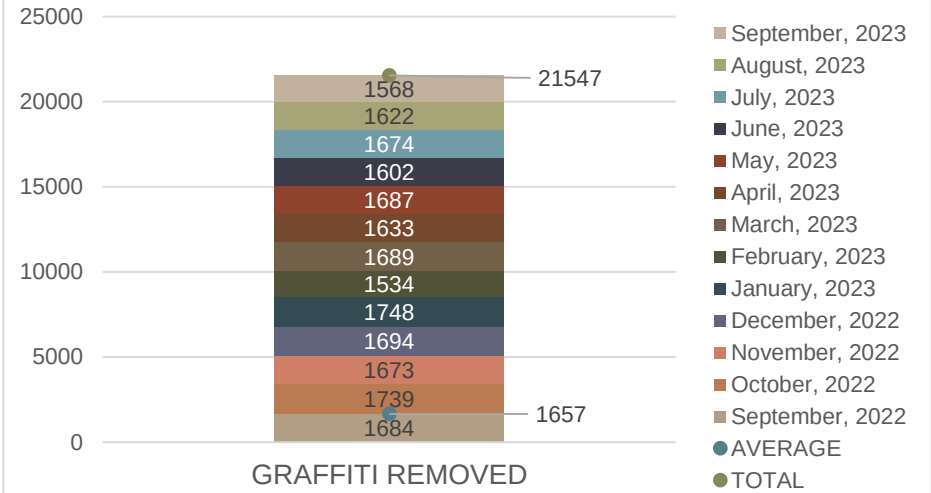

**722**

Detail litter can cleanings by our supplemental crew

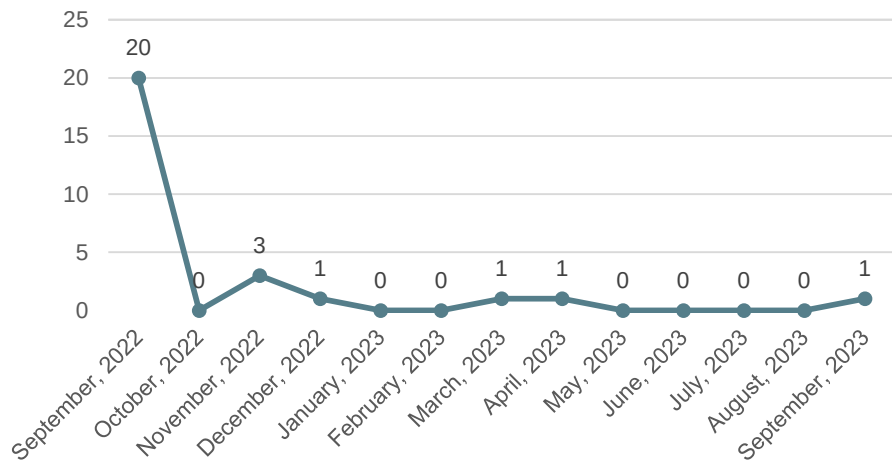

### PRESSURE WASHING & FLUSHING

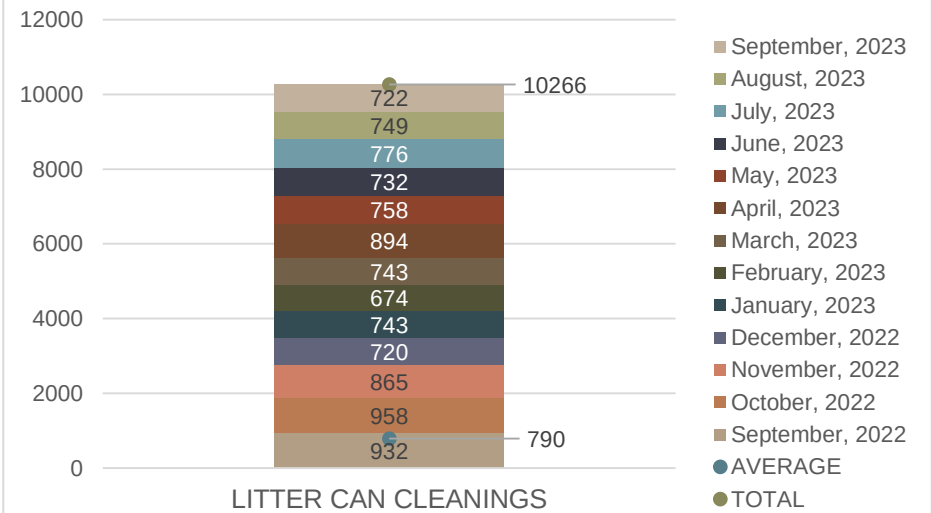

### GRAFFITI REMOVED
