

SECURITY & ENFORCEMENT COMMITTEE

Meeting Notes

Monday, 22 January 2024, 11:00 am

Bienville House, 320 Decatur Street, New Orleans, LA 70130

1. Call to Order, Reading of the Agenda, and Roll Call

The meeting was called to order at 11:00 am and the agenda was read into the record.

COMMITTEE MEMBERS				VOTES
First Name	Last Name	Present	Absent	Approve mtg notes
Joshua	Grippio	X		Yes
Frances	Hegenberger		X	-
Jessica	Dietz	X		Yes
Glade	Bilby	X		Yes
Jane	Cooper	X		Yes
Steve	Caputo	X		Yes
Christian	Pendleton	X		Yes
Maddie	Charleston		X	-
Alex	Fein	X		Yes

INTRODUCTION OF ATTENDEES:

GUESTS		
First	Last	Role
Karley	Frankic	FQMD Executive Director
Shelby	Ursu	FQMD Coordinator
Sgt. Marc	Boudreau	SPPP Coordinator
Eric	Smith	City's CAO Office
Matt	Pincus	UQP
Lt. Chuck	Ward	NOPD 8 th District
Alex	Dunkenberger	City's CAO Office
Andrew	Monteverde	N.O. Fire Association
Bronson	Gettridge	NOPD
Johnnie	Brumfield	NOPD
Sherida	Emery	Parking Enforcement – Immobilization Unit
Aaron	Mischler	N.O. Fire Association
Brian	Mendelson	N.O. Fire Association

2. Public Comment:

French Quarter MANAGEMENT DISTRICT

No written public comment was received.

3. Approval of previous meeting notes

Glade Bilby motioned to approve the previous meeting notes. Jane Cooper seconded the motion, and it was approved.

4. Committee Chair's Comments

Chair Christian Pendleton welcomed everyone to the Committee meeting and stated that he was thankful to have Jessica Dietz as the Vice-Chair of the Committee. He noted that the overall work plan is to make the French Quarter as safe as possible for everyone who lives, works, and visits the area. Ms. Dietz thanked the Committee members and guests for their attendance and participation in today's meeting.

a. 2024 Security and Enforcement Committee Work Plan

See attached. Mr. Pendleton stated that it is important that the FQMD continues to find ways to support entities such as the New Orleans Police Department (NOPD) and the New Orleans Fire Department (NOFD), and to continue communicating with these groups and entities for recommendations and feedback. He pointed out that over the years the FQMD has allocated and invested funds toward force multipliers and will continue to do so.

5. Presentation – Presentation of Parking Enforcement Planning. To Present: Officers Bronson Gettridge and Johnnie Brumfield

Officer Bronson Gettridge reported to the Committee that Parking Enforcement aims to do a daytime sweep this Wednesday covering Canal and Bourbon Streets, which will specifically focus on vehicles with no license plates and/or covered VIN numbers. He stated that the goal is to perform these daytime Parking Enforcement sweeps twice a month and noted that at this time no nighttime enforcement sweep has been scheduled due to lack of manpower and safety concerns. Ms. Cooper asked if the vehicles get ticketed. Officer Gettridge answered yes, adding that after the vehicle is ticketed a tow truck can come to immediately tow. Mr. Pendleton asked what the Committee can do to support the enforcement on weekends and evenings. Officer Johnnie Brumfield replied that Parking Enforcement has set hours, adding that anything scheduled after 10 pm counts as overtime. He noted that recently the enforcement sweeps have not been frequent due to special events pulling personnel away from availability. Mr. Pendleton asked if a State Trooper could accompany the staff during nighttime sweeps. Officer Gettridge replied that this is something that can be discussed as a future option. Sgt. Marc Boudreau added that if Parking Enforcement has the manpower to perform a nighttime sweep, the SPPP can team up with Parking Enforcement to accompany them. Officer Gettridge stated that people can call 658-8100 to report a vehicle, and a Parking Enforcement employee will be dispatched to write a ticket. He noted that tow truck driver availability is the main concern. Sherida Emery reported that there are currently three tow truck drivers for the City. Mr. Pendleton asked if the City has contracts with independent towing companies who could step in to tow vehicles. Ms. Emery said she did not know if there were independent contractors hired by the City, and pointed out that citations have to be written first, which private towing companies cannot do. Mr. Pendleton asked Ms. Emery if an SPPP officer wrote a citation, could an independent contractor come to tow the vehicle at that point? She answered yes but a Parking Enforcement staff member would have to be notified ahead of time to make sure the impound yard is open, noting that the yard is closed after 10 pm. Alex Fein asked if Parking Enforcement expects to add more staff. Ms. Emery replied yes, but they would need to pass the required tests in order to be hired. Karley Frankic asked if Parking Enforcement could include Royal Street during the sweep on Wednesday. Officer Gettridge answered that they can dedicate a day in the future to focus on sweeping Royal Street.

Andrew Monteverde, of the New Orleans Fire Association, introduced himself to the Committee, as well as fellow firemen and union members Aaron Mischler and Brian Mendelson. He stated that he was sympathetic to Parking Enforcement's concerns regarding safety during nighttime sweeps, noting that he has faced violent individuals while trying to respond to emergency calls in the French Quarter at night. He expressed his concerns regarding the repercussions of the lack of enforcement for illegally parked vehicles, pointing out that all emergency responder vehicles are being hindered from reaching emergencies. He stated that he wants to help Parking Enforcement, noting that he is here asking for support and cooperation. Steve Caputo asked if there was another way to prevent vehicles from parking on corners besides the painted lines on the street. Mr. Monteverde replied that he has seen curb extensions be successfully utilized. Mr. Caputo suggested finding the hot spots in the neighborhood where individuals are illegally parking on corners more frequently and implementing curb extensions,

French Quarter MANAGEMENT DISTRICT

bollards, or speed bumps in these areas. Mr. Fein added that if the Parking Enforcement sweeps are performed regularly on Wednesdays, this could provide enough time to coordinate with private towing companies to work with Parking Enforcement.

6. Presentation – Presentation of Eighth District Crime Statistics and the Supplemental Police Patrol Program. To Present: Sgt. Marc Boudreau

See attached report. Sgt. Boudreau reported that for the month of December, 67% of shifts were filled.

a. Weekday shifts filled vs. weekend shifts filled

See attached report. Sgt. Boudreau reviewed the weekday shifts versus weekend shifts filled. He noted that the incentive pay had a direct impact on the percentage of shifts filled, which went into effect in June 2023, pushing the percentage up from 54% in June to 81% in July.

b. New Patrol Vehicle Wrapping and Light Installation Status

Sgt. Boudreau reported that the status of the wrapping and light installation for the three electric vehicles and two John Deere gators is still in appropriations through the City Administration. Mr. Pendleton asked Alex Dunkenberger and Eric Smith if they could verify if the vehicles are still in appropriations, and if this is true, if they could relay back any information to the Committee on how to get the five vehicles on the street as soon as possible, pointing out that the vehicles and chevy bolts have been in appropriations for a year. Ms. Dietz asked if it would be possible to put basic decals and flashing lights on these vehicles to get them on the road faster. Sgt. Boudreau answered yes, stating that if funding was made available for the lights and went through BRASS, this could be done quickly. Mr. Pendleton asked Mr. Smith what a realistic expectation for the completion of this would be. Mr. Smith replied that he will get an estimated timeline from Purchasing by the beginning of next week and keep the Committee updated.

7. Presentation – Presentation on the monthly report of the Upper Quarter Patrol. To present: Matthew Pincus

See attached. Matt Pincus reviewed the Upper Quarter Patrol (UQP) monthly report with the Committee members. Joshua Grippo asked if the Real Time Crime Center (RTCC) cameras caught footage of the patrols Mr. Pincus detailed in the report. Sgt. Boudreau replied yes, noting that the RTCC has been able to provide footage whenever necessary.

a. Weekday shifts filled vs. weekend shifts filled

Mr. Pendleton asked how the UQP weekend and night shifts can improve coverage. Mr. Pincus stated that staffing is the first issue, adding that the majority of the shifts scheduled are daytime shifts. He reported that there are a total of 370 hours scheduled this week, with 50 hours scheduled Friday, 44 hours scheduled Saturday, and 13 hours scheduled Sunday, noting that this is what is scheduled, but not necessarily what is filled by staff. He stated that filling 400 hours per week would be ideal, with Friday, Saturday, and Sunday shifts filled at 35-40%. Mr. Pendleton asked what the current pay rate is. Mr. Pincus replied that it depends on the tier. Mr. Pincus will email the pay rate tiers to Mr. Pendleton. Ms. Frankic asked if it was possible to go through City Civil Service to create an incentive pay for the UQP similar to the SPPP's incentive pay. Mr. Pincus stated that he has no issues with implementing incentive pay to increase shifts filled.

8. Discussion – Discussion by Committee of Beginning Stages of Upper Quarter Patrol Expansion

Ms. Cooper stated that after the FQMD receives approval of the State appropriation Cooperative Endeavor Agreement by the State, the planning can begin in earnest. Ms. Frankic reported that she looked at the UQP zones with Ms. Dietz and Mr. Pincus last week to investigate which zones need prioritizing. She suggested creating subzones starting at Canal, Iberville, and Bienville Streets to ensure that the problematic areas are covered first. Ms. Frankic added that the option of using QR code scanning technology is being explored, noting that this will ensure that officers are tracking their movements and going through their entire patrol zone. She informed the Committee that she is currently working on the expansion contract. Mr. Pendleton asked what the status was regarding the UQP's appeal to the Sheriff's Office regarding prohibiting details during Carnival Season. Mr. Pincus stated that he emailed the request to the Sheriff's Office and has received two approvals from the Inspections Division, noting that he is waiting on the third approval and expects positive word on the matter.

9. Presentation – Presentation of Travelers Aid Society of Greater New Orleans Case Management November Report. To Present: Karley D. Frankic

French Quarter

MANAGEMENT DISTRICT

See attached. Ms. Frankic reviewed the report with the Committee, noting that during the first year of TASGNO's operation, there were 18 permanent housing placements, 133 individuals connected to treatment, 138 connected to benefits, and 111 connected with vital documents. Mr. Pendleton asked how many of these individuals connected with treatments, benefits, and vitals were the same individuals. Ms. Frankic will ask Angela Owczarek for further clarification.

10. Discussion – Discussion by Committee of Bourbon Street Bollards

Ms. Frankic reported that she attended a meeting with the Department of Public Works (DPW) regarding bollards on Bourbon Street. She stated that the City does not want to remove the old bollards until the newly designed bollards are identified. Ms. Frankic noted that Mott MacDonald is designing the new bollards, and the City has limited down to four of his design options. She added that the design for the Bourbon Street bollards will most likely be replicated for the bollards utilized on Royal Street for the pedestrian mall.

11. Discussion – Discussion by Committee of Streetlight Repair Report

See attached report. Ms. Frankic reviewed the report with the Committee, stating that the report breaks down in detail the different conditions of the streetlights in need of repairs. She reported to the Committee that she is conducting more streetlight fieldwork with Ms. Dietz to field verify the knockdown poles listed in the DPW's report. Ms. Frankic will review and compare the DPW streetlight repair report to the fieldwork report compiled by FQMD staff. Ms. Cooper asked Mr. Smith what the next steps are with the DPW. Mr. Smith answered that the overall expense for the streetlight repairs is more than what the FQEDD has put towards streetlights in the 2024 budget. He stated that the next step is to have any corrections discovered during the fieldwork sent to him, which he will then relay to the DPW. He noted that he has a meeting scheduled with the DPW later this week to get more information. Mr. Smith will get an estimate on the cost and timeline of streetlight repairs. He noted that a separate contract could be created, similar to the City-wide streetlight repair contract, but geographically defined in the French Quarter.

12. Discussion – Discussion of RTCC Crime Camera Report

See attached. Ms. Frankic reviewed the crime camera map with the Committee, noting the new installations. She reported that overall, there has been progress and pointed out that almost the entire French Quarter has crime cameras installed. Ms. Cooper would like to receive updates from Mr. Bourgeois about the status of the cameras that are currently not operational, their locations, and what the plan is to get them live.

13. Presentation – Presentation of Updates on City Safety Coordination Efforts by City Chief Administrative Office. To Present: Alex Dunkenberger

a. Supplemental Police Patrol App Request for Proposals and Contract Status

Mr. Smith reported that the Request For Proposals (RFP) has closed, noting that two vendors submitted fully responsive proposals. He stated that the RFP Committee meets next Monday to grade the proposal submissions and reward the RFP to one of the two potential vendors. Mr. Smith said that after this point, a contract will be created.

b. FQEDD Code Enforcement Inspector Status

Mr. Dunkenberger reported that the Code Enforcement Inspector position was filled in November and the inspector is currently going through the extensive training process. The new inspector will be able to attend the February Committee meeting.

14. New Business– To consider and take action upon any other matters that may properly come before the French Quarter Management District Security and Enforcement Committee

No new business was discussed.

15. Next meeting date:

The next scheduled meeting of the Committee is Monday, February 26th, 2024, at 11:00 am.

16. Adjournment

Mr. G. Bilby made a motion to adjourn. Mr. Grippo seconded the motion, and the meeting was adjourned at 12:11 pm.

SECURITY & ENFORCEMENT COMMITTEE

2024 WORK PLAN

PUBLIC SAFETY

WORK IN CONJUNCTION WITH THE NEW ORLEANS POLICE DEPARTMENT

Support NOPD's efforts in reducing crime and improving the quality of life in the French Quarter by using and supporting force multipliers

- Continue to increase New Orleans Police Department (NOPD) capacity through expansion of the Upper Quarter Patrol and monitor results.
- Assist NOPD in the multi-agency illegal vending sweeps through court monitoring and engagement.
- Engage with Louisiana State Police Troop "N" return to the French Quarter to assure public awareness
- Work with the City to replace the bollards and barricades on Bourbon and Royal Streets with a replicable, sustainable, and practically mobilized product

FRENCH QUARTER ECONOMIC DEVELOPMENT DISTRICT SUPPLEMENTAL POLICE PATROL

Oversee effective performance of the French Quarter Economic Development District (FQEDD) Supplemental Police Patrol Program (SPPP)

- Implement the FQEDD Budget items approved for the years of 2022 through 2024
- Work with the City of New Orleans to complete the RFP process for the SPPP application and promote its use
- Work with the Real Time Crime Center to track progress and performance of the FQEDD funded programming with Key Performance Indicator (KPI) reporting

FRENCH QUARTER ECONOMIC DEVELOPMENT DISTRICT OTHER PUBLIC SAFETY PROGRAMS

Work In conjunction with the Livability Committee to forward the approved budget items with shared oversight

- Travelers Aid Society of Greater New Orleans and Covenant House - track the programs with KPI reporting
- Monitor the replacement and repairs of lighting to achieve the goal of improving lighting and reducing crime.
- Engage with local community to take responsibility for reporting outages thus ensuring timely repairs.
- Obtain monthly streetlight maintenance updates from Department of Public Works.

ENFORCEMENT

FRENCH QUARTER ECONOMIC DEVELOPMENT DISTRICT OTHER PUBLIC SAFETY PROGRAMS

- Implement strategic traffic and towing enforcement and track progress with KPI reporting. Work with 8th District Community Liaison Officers to coordinate plan of action.
- Monitor Dedicated Code Enforcement Inspector for focused work in the FQEDD with KPI reporting.

Summary of Month Activities

12/8/2023

- At approximately 5 pm, Sgt. T. Bailey, while working the UFQ detail, was conducting routine patrol in the 100 block of Royal Street. At this time, Sgt. Bailey overheard a radio broadcast via NOPD frequency 8 of a prisoner that had escaped from custody in the 100 block of Exchange Place. It was further learned that the handcuffed escapee fled on foot towards Iberville Street. Sgt. Bailey immediately responded by running on Royal Street towards Iberville. The wanted subject then rounded the corner from Iberville onto Royal, at which point, Sgt. Bailey captured the individual without further incident or injury. The perpetrator was then handed over to pursuing NOPD officers.

12/24/2024

- At approximately 3:25 pm, UFQ Patrol member Sgt. Theron Bailey, while assigned to the 100 block of Royal Street, heard 2 gunshots in the vicinity of Canal Street and Exchange Place. Sgt. Bailey immediately responded on foot by running through the Wyndham garage. Upon reaching the rear garage gate, Sgt. Bailey observed a black female wearing a black jacket and green jeans lying unresponsive in the street. Bailey immediately notified NOPD dispatch via radio of the incident. EMS was immediately requested, as well as additional NOPD units. EMS arrived on scene shortly thereafter and determined that the female had sustained 2 gunshot wounds. The victim was then transported to University Medical Center, where she later succumbed to her injuries.

December 2023 (Year-End: Year One) French Quarter Street Outreach Report
Travelers Aid Society (TAS) Frontlines Outreach Team in Partnership with the FMC/FQEDD

POPULATION ENCOUNTERED – DESCRIPTIVE STATISTICS

<u>Outreach Contacts in December</u>	72
# New clients (never seen before in 2023).....	16
# Repeated contacts with clients (contacts with clients seen earlier in month or year).....	56
# Unique Clients Contacted in December.....	27
(all new individuals and repeat individuals contacted this month, without duplication)	

Densely Populated Areas: Jackson Square, Saint Louis Cathedral, French Market Place, Governor Nicholls Wharf, Esplanade Neutral Ground, Decatur Street, Latrobe Park, Iberville Street, River Front/Walk

Total # of Chronically Homeless Individuals Contacted in December: 19
{Under the Department of Housing and Urban Development's definition, a chronically homeless individual is someone who has experienced homelessness for 1 year or longer or who has experienced several episodes of homelessness in the last 3 years *and* has a disability. Chronic status based on client reported homeless time.}

Total # of Encountered Individuals who were connected to housing programs (have vouchers issued to them) but were not housed by end of month 0
These individuals have (or had at any point in the month) a housing voucher issued to them but did not move into housing by the end of the month. This can be because their housing program is still looking for an available/affordable unit or because they are not in sufficient contact with their housing program. Because 7 of the 27 encountered individuals were housed prior to or during this month, this means 0% of (0 of the 20) encountered individuals who were still homeless by December 31st are connected to housing vouchers (which could pay their rent) but are not connected to actual available housing where they can use their vouchers.

Total # of Encountered Individuals who reported previously being housed in a housing program after a period of homelessness and who have since returned to homelessness ("returns to homelessness") 0
These individuals have previously not only been connected to/approved for housing assistance from a program like Unity or HANO but had also moved into that housing after a period of homelessness and have since returned to homelessness again. This number does not include individuals who maintain their housing but choose to spend time outside for social/personal reasons and/or who are temporarily sleeping outside because they have lost access to their housing for now (e.g., due to misplaced keys or water shutoff).

TRAVELERS AID SOCIETY FRONTLINES OUTREACH TEAM EFFORTS AND OUTCOMES

Housing (# of connections to housing opportunities with outreach help) 2

- *These 2 connections to housing supports represent assistance to 1 unique client
- 1 client moved into a Permanent Housing Placements (Settings include being newly placed in voucher-based housing, group homes, market rentals, moving in with family, etc.)
 - 0 clients moved into Transitional Housing Placements (Settings include being newly placed in Safe Havens, Emergency Motels, etc. – this number does NOT include emergency shelters)
 - 1 client was newly linked to housing assistance/subsidy (Linkages include being matched to a voucher, enrolled in a housing program, or approved for rent and deposit help – does not mean move-in has occurred yet, just that a subsidy was newly assigned in client's name)
 - 0 clients were assisted in returning home after a brief period of homelessness caused by logistic errors (situations include mediating conflict with landlords/neighbors, getting locks changed/new keys, etc.)

Treatment (# of connections to treatment with outreach help):**2**

*These 2 connections represent assistance to 2 unique clients; some clients need several forms of treatment
2 instances of helping clients attend primary or specialist medical or mental health appointments
0 clients were assisted in enrolling in Assertive Community Treatment (ACT) Teams
0 instance of assisting with direct wound care or the direct provision of medication/medical supplies
0 instances of accompanying, visiting, or otherwise assisting clients during hospitalization
0 instances of assisting clients to enter detox, rehab, or the Sobering Center

Benefits Enrollment (# of connections to public benefits with outreach help):**0**

*These 0 connections represent assistance to 0 unique clients; some clients need multiple benefits
0 clients were approved for SNAP/Food Stamps with outreach help
0 clients were enrolled in Medicaid with outreach help
0 clients were connected to monthly SSI/SSDI benefits with outreach help

Vital Documents (# of identifying documents obtained or re-obtained with outreach help):**1**

*These 1 documents represent assistance to 1 unique client; some clients need multiple documents
0 clients obtained their birth certificate with outreach help
1 client obtained their state ID with outreach help
0 clients obtained their Social Security cards with outreach help

TOTAL: Total 2023	Outreach Contacts	Housing Placements	Treatment Connections	Benefits Enrollments	Vital Documents Obtained
	252 unique individuals; 1,176 total contacts	18 permanent move-ins; 0 transitional move-ins; 16 new program placements; 0 returns-to- home	133	138	111

Year- End Outreach Reflections:

This report is the last from the first year of the French Quarter street outreach partnership between Travelers Aid Society of Greater New Orleans (TASGNO) and the French Quarter Economic Development District and the French Market Corporation (FQEDD and FMC). Successes have included moving 18 individuals into permanent housing, providing 133 connections to some form of treatment (medical, mental health, and/or substance use), facilitating 138 enrollments into public benefits (SNAP, Medicaid, and or SSI/SSDI), and obtaining 111 vital documents (State IDs, birth certificates, and/or social security cards) for and with unhoused individuals living on the streets of the French Quarter over the past 12 months.

Notably, this work was conducted with and for 252 unique individuals. Comparatively, the summer 2021 study TASGNO conducted with funding from both FQEDD and FMC generally yielded data indicating an average of 143 individuals slept on the streets each night and that as many as 170 unhoused individuals spent time in the area during the day. Every month of this project, the TASGNO has encountered new individuals, though in the latter half of the year, that number of never-before-seen individuals averaged at 13 new individuals encountered per month – indicating, perhaps, that there is a consistent churn of about +/- 13 new individuals in the area each month, with the unique individuals encountered each month averaging at about 42, indicating maybe 30% of the encountered population may turnover,

while as much as 70% of the population may stay consistent. It should be noted that all these data points are limited by case manager capacity – with just two outreach workers, it is not possible to talk to every unhoused individual every month, especially as the case managers are consistently also focused on providing intensive, housing-focused case management to the most vulnerable individuals in the area, as opposed to simply always engaging all individuals for the sake of creating census-style data about them.

As 2024 begins and the FQEDD and FMC consider other investments, including the expansion of outreach services and rental assistance for 20 unique individuals, it will be seen how such investments can allow for both more complete coverage of all unhoused individuals in the area and a more efficient flow of unhoused individuals living on the streets of the French Quarter into housing, as the availability of housing subsidies and rental assistance funds play large roles in determining how many individuals can end their homelessness with housing at any given moment. This has been especially observable this year, when, as commented on in previous months' reports, the largest housing program for formerly unhoused persons in the area – the state permanent supportive housing program – has greatly slowed and essentially paused its acceptance of new referrals into its program, meaning many individuals eligible for and interested in housing who have completed all the necessary application steps have simply been waiting for the needed assistance to be assigned to them.
