Public Comment on security meeting 12/8/25

Item : (b) 2026 Work Plan Goals

At an earlier meeting of October 27, the Security Meeting engaged in the noise problem within the Quarter. At that meeting:

“Mr. Duplantis added that there have been issues with loud vehicles on Decatur Street and asked the group if there was anything that could be done with the noise ordinance to curb these issues. He noted that he “would like clarity on what the Supplemental Police Patrol Program (SPPP) officers can and cannot enforce. Sgt. John Castelin replied that the SPPP handles anything non-emergency, but noted that SPPP officers can be flagged down for any concerns, and can alert the correct patrols for anything that is out of their purview. He recommended that Mr. Duplantis utilize the French Quarter Task Force app. “

The Task Force app doesn’t provide a definition of “disturbance” for many Quality of Life issues. And, open drug dealing near homes, escalating drinking brawls, trespassing, and drunken hit and run accidents aren’t just non-emergencies, but constitute crimes.

The definition of “disturbance” should be expanded to include training in surveillance and be further defined on the Task Force App to include:

1. trespassing on private property of residents (a crime)
2. excessive noisy party goers, acting within, and abutting private property later in the 3rd shift
3. drug dealing, on and off site from the perimeter of Bourbon Street into the residential areas
4. open public urination, defecation, etc. which afflict private and commercial owners with blood borne diseases, and cause additional expense for sanitation

French Quarter MANAGEMENT DISTRICT

5. excessive amplification in automobiles and mobile units of amplification within and throughout the public right of way.

Such “disturbances” should be important in Officer training to provide better surveillance and supervised by the proposed NOPD Supervisor and proposed Overtime Liaison Officers, within a time frame in the 3rd shift between 10 p.m. to 2 a.m. A time change would provide a more appropriate time slot for Bourbon Street, as those crowds often appear in excess after 11 p.m., rather than 9 p.m. to 1 a.m. which is proposed in the 2026 budget. The Overtime Liaison Officers should be bound within a written contract to be confined within the area of the French Quarter Management District, and not the entire area of the 8th District. It should be well understood that dedicated tax revenue spent elsewhere, is illegal.

The French Quarter Management District has turned more attention in recent years to Quality of Life Issues. Its dual source of authority in law, mandates Public Safety as well as Quality of Life as its mission. And, it devoted funds and admirable efforts in that direction to the appreciation of businesses and residents.

The Task Force has sparse training in past efforts for Commissioned Officers to become proactive in their tasks. Some officers, in recent years, mistakenly travel a zone, without giving much attention to observable quality of life issues while traveling, and only respond to a call for service, as proof of data collection. Commissioned Officers should be more proactive, as the law and their salary suggests in the presently proposed budget. Doing less, flies in the face of the Management District’s dual role to provide Quality of life in the French Quarter. Officers should be better trained in surveillance, without being summoned by the App to respond to a call. The proposed budget is woefully lean in training its Commissioned Officers to handle quality of life issues. Apparently the budget sees these efforts not worthy of dedicated taxes from persons who voted for them.

Officers should be required to surveil independently, use his or her training and authority to detain and request a perpetrator to cease unlawful activities. In doing so, the officers will ensure their own and other’s safety.

Irrespective of a noise ordinance, when amplified noise is heard blocks away, common sense should prevail and Commissioned Officers traveling through such an area, have inherent authority to detain and request a noise level be reduced. Noise doesn’t have to be measured if an officer can’t hear a radio signal within 25 feet from a source. Trespassing on private residents are serious intrusions to owners and renters. Stopping to inquire of stoop sitters after 11 pm, only takes a moment of an Officer’s time, and inquire if permission has been given at that home to squat, drink and eat or leave trash. Informing such trespassers that it constitutes a legal prohibition, is well within an Officer’s inherent authority to stop and detain. And, such actions do not mean one can move on to another neighbor’s steps. Transferred movement to a neighbor’s stoop, acts as a deterrent for a resident to call the Task Force for assistance to move loud trespassers off one’s property.

Commissioned Officers may and should be required to view “disturbances,” in a different light, though called “less serious.”

When ignored, “ordinary disturbances” can often enhance to violence. If an item is needed to be reported, data gathering is only secondary to doing a good job as an Officer.

Thank you for consideration, Ms Pellerin

a. Consider a motion to recommend to the Board of Commissioners for approval of the 2026 Security & Enforcement Committee Work Plan and Committee meeting dates, as presented.

French Quarter MANAGEMENT DISTRICT

**Ms. Cooper noted that the agenda for today's meeting had an error in this motion, noting that the motion should state "recommend to the Board of Commissioners for approval", not the Finance & Development Committee.*

No motion was made by the Committee at this point in time.

9. New Business— To consider and take action upon any other matters that may properly come before the French Quarter Management District Security and Enforcement Committee

Cpt. Palumbo reported that the City is moving forward with the permanent barricades for Bourbon Street, and will be using bond funds that equate to \$1.3M for the procurement. He stated that there is a request for the FQMD to consider providing assistance with funding the labor and installation, pointing out that the bond funds can only be used for the purchase of the physical barricades. Cpt. Palumbo noted that the request is estimated to be \$190K, and added that he was informed that the Department of Public Works will be responsible for the daily deployment of the barricades. He stated that the barricades are expected to be installed by the summer of 2026. Cpt. Palumbo will prepare a written proposal for the Committee as well as more details about the barricades, including crash ratings, diagrams, and photos.

Summary of Month Activities

10/3/2025

On Friday, October 3rd, 2025, at approximately 11:30 AM, Deputies Loy Madrigal and Joseph Lodwick were on vehicle patrol in the French Quarter when they received a complaint via telephone call regarding a group of individuals aggressively soliciting passersby in front of businesses located at the corner of Decatur and Bienville Streets. Upon arrival, deputies observed four individuals wearing ACLU-branded vests and each carrying what appeared to be a tablet, positioned on the four corners of Decatur and Bienville Streets. The individuals were seen engaging with pedestrians consistent with solicitation activity. Deputies approached one of the solicitors and advised them that a complaint had been made about their actions in front of local businesses. Deputies requested that the group relocate to another location out of courtesy to the business owners. The solicitors refused, stating that they had a permit which allowed them to operate as long as they were at least six feet away from business entrances. Deputies again asked them to move as a professional courtesy. One of the solicitors agreed to move an additional two feet away from the doorway. Deputy Madrigal requested to see proof of the permit they claimed to have. The group presented a document issued by the Louisiana Department of Justice, Office of the Attorney General, dated October 11, 2024, confirming registration of New Canvassing Experience Inc. as a professional solicitor. Deputy Madrigal contacted Ms. Chasity Hastings with the Attorney General's Office, who confirmed that the document is not a permit, but merely a confirmation of registration as required by Louisiana law for professional solicitors. Ms. Hastings further advised that this registration does not authorize solicitation within any city jurisdiction and referred deputies to the City of New Orleans for permitting authority. Based on this information, Deputy Madrigal advised the solicitors to cease operations immediately until they could produce a valid solicitation permit issued by the City of New Orleans.

10/10/2025

On Friday, October 10th, 2025, deputies observed the same organization (New Canvassing Experience Inc.) conducting solicitation again at the corner of Conti and Royal Streets. Deputies approached and requested to see their permit. The solicitors produced a document titled "Certificate of Registration" from the City of New Orleans Department of Finance/Bureau of Revenue, dated October 7, 2025, listing their business address as 1526 Berlin Rd., Cherry Hill, NJ 08003-3623. Deputy Madrigal contacted the City of New Orleans Department of Finance and spoke with a representative who verified that the document provided by the solicitors was not a solicitation permit, but a tax registration certificate only. The representative further advised that an Occupational License or Solicitation Permit must still be obtained for lawful solicitation within city limits. Deputy Madrigal again instructed the solicitors to shut down their operations immediately until they obtained a valid solicitation permit. Deputies also warned that any further solicitation without proper authorization would result in enforcement action and possible summons for the following municipal violations: MCS-19937 §150-953 – No Occupational License and MCS-19937 §150-726 – Nonpayment of City Sales Tax.

Summary of Month Activities

10/7/2025

On Thursday, October 7th, 2025, at approximately 11:55 AM, Deputies Madrigal and Lodwick were on vehicle patrol in the 900 block of North Peters Street when they were flagged down by a New Orleans Police Department (NOPD) officer requesting assistance with a disturbance involving a homeless subject accompanied by a dog. Upon arrival, deputies observed a male individual, later identified as James Harold Vickery, who was being confrontational toward the NOPD officer while standing near the subject with the dog. Deputy Madrigal advised Mr. Vickery multiple times to refrain from interfering with the ongoing police investigation. Despite several verbal warnings, Mr. Vickery refused to comply and continued to cause a disturbance, drawing the attention of bystanders in the area. Due to his continued interference and disruptive behavior, Deputy Madrigal detained Mr. Vickery and advised him of his Miranda rights. Mr. Vickery was transported to the NOPD 8th District Station for identity verification. After verifying his identity, Mr. Vickery was issued a municipal summons for the following violations: Municipal Code 54:450 – Interfering with a Police Investigation and Municipal Code 54:403 – Disturbing the Peace. Mr. Vickery was notified to appear in Municipal Court on November 12, 2025, at 9:00 AM, Section 100.

10/15/2025

On Wednesday, October 15th, 2025, at approximately 10:15 AM, Deputies Madrigal and Lodwick were on vehicle patrol in the French Quarter when they observed a group of individuals actively soliciting pedestrians at the corner of Conti and Royal Streets. The group identified themselves as representatives of a parenthood organization. Deputies approached the solicitors and requested documentation authorizing them to conduct solicitation activities within the City of New Orleans. One of the solicitors produced a document issued by the State of Louisiana, Department of Justice, Office of the Attorney General, dated December 12, 2024, addressed to Heroes Canvassing, LLC, located at 1011 Lady Nashville Dr., Apt. 120, Hermitage, TN 37076. The letter, signed by Attorney General Liz Murrill and Chasity Hastings of the Public Protection Division, Consumer Protection Section, confirmed that Heroes Canvassing, LLC was registered as a professional solicitor with the Attorney General's Office, valid until December 12, 2025. Based on prior verification from the Attorney General's Office during a similar incident involving another organization (New Canvassing Experience Inc. / ACLU solicitors), Deputies Madrigal and Lodwick recognized that this type of document is not a solicitation permit, but merely a confirmation of professional solicitor registration. The registration does not authorize solicitation activities within city limits and does not replace the requirement for a City of New Orleans solicitation or occupational license permit. Deputies Madrigal and Lodwick advised the solicitors that they were not permitted to conduct solicitation within the City of New Orleans, including the French Quarter, until they obtained a valid permit from the City of New Orleans Department of Finance. The group was instructed to cease all solicitation activities immediately. Deputies further advised that any continued solicitation without a valid city-issued permit would result in enforcement action, including the issuance of municipal summonses for the following violations: MCS-19937 §150-953 – No Occupational License and MCS-19937 §150-726 – Nonpayment of City Sales Tax.

The system check further revealed that the subject had two active attachments for Failure to Appear in Municipal Court. Deputy Madrigal then detained the subject and read him his Miranda Rights, which he acknowledged and understood. After further evaluation, Deputy Madrigal elected to issue two municipal summonses under item numbers J-24759-25 and J-24760-25, each corresponding to an active attachment for Failure to Appear. The subject was advised of his new court appearance date and location, signed both summonses, and was subsequently released from the 8th District Station without incident.

Deputies Madrigal and Lodwick arrived on scene to assist. A female NOPD officer was called to conduct a search of the subject for weapons or contraband. During the search, officers located several credit cards and identification cards inside the subject's clutch bag belonging to Eric Javier Acevedo, listed at a Las Vegas, Nevada address. The subject was transported to the NOPD 8th District Station for further verification. Mr. Ali reported that his employee, Diane McMillan, notified him that a male subject had just stolen merchandise from the store and fled the location. Mr. Ali identified the suspect as Dale Mitchell (DOB 04/11/1995), describing him as wearing gray pants and a white long-sleeve shirt with blue stripes. On Thursday, November 13th, 2025, at approximately 9:30 AM, Deputy Loy Madrigal was flagged down by Jessica Dietz at the intersection of Bienville Street and North Peters Street. Ms. Dietz reported that a white male wearing a gray hooded jacket and carrying a black backpack had been loitering on the corner, asking bar patrons to buy him drinks, and approaching female employees to ask whether they worked at the businesses in the block. No further action was taken on this date due to the subject leaving prior to Deputy Madrigal's arrival.

On Friday, November 14th, 2025, at approximately 9:15 AM, Deputy Madrigal was on vehicle patrol with Deputy Joseph Lodwick when they observed a white male matching the description standing on the corner of Bienville and North Peters. The deputies approached the subject and advised him of the complaint from the previous day. When asked for identification, the subject stated he did not have any ID on his person. When asked to provide his name and date of birth, he identified himself as Elijah Cornelle, DOB 05/19/1989. Deputy Madrigal contacted the 8th District Station desk officer to verify the information. The return came back with no available record, indicating that the subject had likely provided false identifying information. When asked again to verify his identity, the subject became hesitant and began walking away. Due to the likelihood that he was providing false information and attempting to flee an investigatory detention, Deputy Madrigal informed him that he was being detained. At that time, the subject ran eastbound, initiating a short foot pursuit. Deputy Madrigal apprehended him without further incident in the 100 block of Conti Street. The subject was placed under arrest, advised of his Miranda Rights, and transported to Central Lockup for booking and positive identification. NCIC confirmed that there were several AKAs listed for the subject, including variations of Elijah Reed and Elijah Stewart, as well as an active warrant originating from the Harris County Sheriff's Office in Houston, Texas. Deputy Madrigal contacted Harris County Sheriff's Office at the number listed in the NCIC return and the agency confirmed the warrant and extradition request. The subject was rebooked as a Fugitive from Justice under: NIC #: W102317784.

Summary of Month Activities

11/20/2025

On Thursday, November 20th, 2025, at approximately 11:00 AM, Deputies Madrigal and Lodwick were on vehicle patrol in the French Quarter when they observed several canvassers associated with New Canvassing Experience, Inc. actively engaging pedestrians on the corner of Royal Street and Conti Street. This location falls within the Vieux Carré, where canvassing and solicitation activity is prohibited under Municipal Ordinance 110-222(B)(1) unless specifically authorized by the City of New Orleans. Deputies made contact with the on-scene supervisor, identified as Chaz Michael Tranchina. Mr. Tranchina stated he was already aware of the ongoing permitting issue regarding canvassing within the City of New Orleans, referencing past interactions between his organization and OPSO. Deputies did not request permit documentation during this encounter, as the matter had already been extensively addressed in previous incidents. During conversation, Mr. Tranchina stated that all money collected by his canvassers goes directly to the charitable organizations they represent, and that none of the collected funds are kept by New Canvassing Experience, Inc. He stated that for today's operation they were representing the ACLU.

Previous Documented Interactions-

October 17th, 2025 – 541 Royal Street: Canvassers were asked to provide a City of New Orleans solicitation permit. They produced a Louisiana Attorney General confirmation letter, which was verified not to be a City-issued solicitation permit. Summons were issued.

October 20th, 2025 – Dauphine & Conti Street: Additional canvassers presented the same AG confirmation letter and were advised again that it does not authorize canvassing within the city. Despite these prior advisements, the organization continued canvassing operations within the Vieux Carré.

California Attorney General Findings-

Research conducted on New Canvassing Experience, Inc. revealed the following:

- The California Department of Justice – Office of the Attorney General reported that New Canvassing Experience, Inc. forwarded only 0.24% of all funds raised to the intended charitable beneficiaries.
- This finding is published in the 2023 Professional Fundraiser Summary Report.
- Source: <https://oag.ca.gov/system/files/media/ag-pf-summary-2023.pdf>

This information raises concerns about the transparency of the organization's national fundraising practices, particularly when considered alongside the statements made by Mr. Tranchina regarding fund distribution. Mr. Tranchina acknowledged the violation and agreed to be issued a municipal summons, stating that appearing in court would also allow their organization to clarify their canvassing status and operational requirements within the City of New Orleans. A municipal summons was issued to Mr. Tranchina, with the charge: Municipal Ordinance 110-222(B)(1) – Unauthorized Canvassing in the Vieux Carré.

Summary of Month Activities

11/29/2025

On Saturday, November 29th, 2025, at approximately 2:47 PM, Deputies Madrigal and Thomas Maag were on vehicle patrol in the area of Frenchmen Street. While passing Washington Park, located in the 700 block of Elysian Fields Avenue, the deputies observed a male subject who matched the clothing and physical description listed in multiple NOPD wanted bulletins for auto burglaries under item numbers J-30129-25, I-24594-25, and I-22180-25. The subject was wearing a black T-shirt, dark jacket, blue jeans, white shoes, dark sunglasses, and a black hat. Based on the match to the bulletin descriptions, the deputies entered the park and approached the individual. Deputy Madrigal asked the subject if he was Shawn Deans, and he verbally confirmed his identity. Deans was detained without incident. Deputy Madrigal advised him of his Miranda rights, and notified dispatch that the wanted subject was in custody. During transport from the scene, Deans stated that he had swallowed approximately one gram of fentanyl. Due to the medical concern, EMS was notified and the subject was transported to Tulane Medical Center for evaluation. Deans was examined by medical staff and later medically cleared for incarceration. Following medical clearance, the deputies transported Deans to Central Lockup for booking and detention on the active warrants associated with the above-listed NOPD item numbers. Deans was turned over to Central Lockup personnel without further incident.

11/30/2025

On Sunday, November 30th, 2025, at approximately 12:00 PM, Deputy Madrigal was on vehicle patrol in the 700 block of Royal Street when he observed a white male sitting in front of the doorway of a business with his dog. The male was later identified as Ian Hall. Hall was positioned directly in front of the business entrance, obstructing customers from entering or exiting. Deputy Madrigal approached Hall and instructed him to move away from the doorway. As the deputy was walking back towards his patrol unit, he heard a small dog suddenly screaming in pain. Deputy Madrigal returned and learned that a small black dog belonging to a tourist, Elizabeth McLure, had been attacked by Hall's dog. The smaller dog sustained visible injuries and the owner stated she needed to take it for emergency veterinary treatment. Deputy Madrigal notified dispatch of the incident and requested SPCA to respond. While waiting for SPCA, Deputy Madrigal advised Hall that he was not free to leave pending the investigation. A warrant check revealed that Hall had two active municipal warrants, both for 54-401 Obstruction of a Public Place, associated with Case #1157081 (Div. E) and Case #1157199 (Div. F), with warrant confirmations verified by Officer A. Breaux as reflected in municipal court records. As the deputy repositioned his patrol unit to clear traffic in the area, he observed Hall walking away from the scene toward Bourbon Street in an attempt to flee. Deputy Madrigal caught up with Hall a short distance away, detained him, and advised him of his Miranda Rights. SPCA arrived on scene and advised Hall that his dog would be impounded due to the attack. Hall was issued a summons by SPCA related to the animal incident. Deputy Madrigal transported Hall to Central Lockup for booking on his outstanding municipal warrants under Item Number K-28933-25 with an arrest credit of 94. During the search of Hall's belongings at the jail, the deputy recovered approximately 3 grams of suspected marijuana contained in a clear plastic bag. The narcotics were seized as evidence in accordance with department policy, and Hall was rebooked for Possession of Marijuana (MC 54-405).

On Wednesday, December 3rd, 2025, at approximately 9:00 AM, Deputies Madrigal and Lodwick were conducting vehicle patrol in the area of Decatur Street and Esplanade Avenue. While passing the front of Checkpoint Charlie, the deputies observed a male subject wearing a blue jacket who appeared to be struggling to stand and stumbling on the sidewalk. The deputies exited their unit to check on the subject. Upon contact, the subject later self-identified as Travis Montminy. Montminy exhibited clear signs consistent with a possible drug overdose, including instability, decreased responsiveness, and difficulty remaining conscious. The deputies immediately notified dispatch of the situation and requested Emergency Medical Services. Dispatch advised that no EMS units were currently available.

Deputies maintained physical support of the subject, who continued to have difficulty staying upright. At approximately 9:14 AM, Deputy Madrigal administered one (1) can of Narcan. A second (1) can of Narcan was administered at approximately 9:17 AM due to continued signs of overdose. Deputy Madrigal provided constant physical and verbal stimulation, including rubbing the subject's chest to keep him responsive while awaiting medical assistance. Shortly thereafter, the subject began to regain consciousness. An NOPD officer who arrived on scene provided supplemental oxygen to the subject. Members of the NOPD Fire Department then arrived and assisted with further medical support until EMS arrived on scene. EMS subsequently transported the subject to University Medical Center for further evaluation and treatment.

On Saturday, November 22nd, 2025, while working an approved off-duty paid detail for the OPSO and patrolling the French Quarter, Detectives Neil Madrigal and Conner Berthelot responded to a call for service at 225 Decatur Street regarding a Signal 63 (Criminal Trespassing). Upon arrival at the location, Detectives Madrigal and Berthelot were advised by management staff of the House of Blues that a female was intoxicated and refusing to leave the premises. The detectives proceeded to the third floor of the establishment and made contact with the female at the bar. Other patrons were observed attempting to get her to leave the location. The female then walked toward the elevator; however, she attempted to return to the room from which she had previously been asked to leave. Both detectives attempted to prevent her from re-entering the area. The female actively resisted the detectives and proceeded to kick Detective Berthelot in the groin area. Detectives Berthelot and Madrigal then placed the female in handcuffs, during which time she continued to resist. The female was subsequently placed into a marked OPSO patrol unit for transport to 334 Royal Street (8th District Station). Upon arrival at the station, the female was read her Miranda Rights per the Miranda card. The subject continually talked over Detective Berthelot as he attempted to issue the Miranda warning. Upon completion of the warning, the female repeatedly asked for her attorney and stated that she did not understand her Miranda Rights. The detectives attempted to have the female properly identify herself; however, she refused to provide identification. She was informed that she could face charges for LA R.S. 108(B)(C), relative to refusal by an arrestee to provide his/her name. The female was subsequently transported to the Orleans Justice Center without further incident by OPSO transport deputies.

11/23/2025

On Sunday, November 23rd, 2025, Detective Berthelot observed a yellow Chevrolet Corvette traveling eastbound on Canal Street at a high rate of speed. Detective Berthelot attempted to initiate a traffic stop; however, the Corvette made a U-turn onto North Peters Street and continued westbound on Canal Street, still at a high rate of speed. Detective Berthelot then observed the Corvette collide with the rear of a Downtown Development District white pickup truck towing a black trailer. The impact caused the pickup truck to collide with the rear of a black sedan and a gray Chevrolet Tahoe. Detective Berthelot immediately responded to the scene of the collision and removed the driver of the Corvette, identified as Devante Levy. Mr. Levy was apprehended and charged with Louisiana Revised Statute 14:99, relative to reckless operation of a motor vehicle. He was transported to Touro Main Medical Center as a precaution due to his involvement in the collision. Following medical evaluation, Mr. Levy was transported to the Orleans Parish Justice Center without incident and booked on the aforementioned charge under New Orleans Police Department item number K-21960-25. He also received the following citations: 32:52 – No driver's license, 32:64(A) – Speeding (visual estimation), and 32:232 – Failure to obey traffic control signals.

Success story

This month, one of the most meaningful successes came through the persistence and collaboration of our team in supporting a client who has been connected to TAS services for about a year. When the client first engaged with our program, they were paired to housing, but for various reasons, the process was never completed despite multiple attempts by several case managers. Recently, one of our case manager took the initiative to re-complete the necessary paperwork and resubmit all required documentation. Through this renewed effort, and with the continued support of our partner agencies, the client has now been successfully paired with LOHM agency and is on track to be housed soon.

This progress represents more than just administrative success — it reflects the power of consistency, teamwork, and belief in the client's potential for stability. The collective efforts of staff and partner agencies have ensured that the client's path toward housing remains open and supported, marking a significant step forward in their journey toward long-term stability and wellbeing.

Challenges

One of the ongoing challenges this month involves a client who had been paired to a housing program for months but we successfully housed this month. Despite the outreach case management team's consistent which included arranging meetings with the housing case management team, provided transportation to and maintained regular contact, the contact with their housing case manager was not completed. For cont outreach case managers navigate clients to get a voucher and then conduct a warm-hand off with their housing managers as these are the ones that will find a unit for the clients.

While the outreach team has worked hard to facilitate connection, the housing case manager has not been able to meet the client in the field, stating difficulty locating them. However, the client's location has remained consistent and well known to outreach staff. Without a phone or a clear concept of time, the client struggles to attend scheduled office appointments independently, creating additional barriers to engagement.

This situation highlights a broader systemic issue: many vulnerable clients remain unhoused for extended periods after being paired with housing programs because case management support is not meeting them where they are. When field-based engagement is limited, the burden often falls on outreach teams and clients themselves to find suitable housing units and sustain contact, which can delay or derail the housing process entirely.

French Quarter and TAS Rapid Rehousing Program

Efforts are being conducted to connect eligible and interested clients to Permanent Supportive housing. Out of the 18 currently housed, 14 will be bridged to another housing voucher.

In November, **8 participants were connected to their new housing program**. This means that only 6 are waiting to be transferred. Out of these, two already have a PSH voucher but are waiting on the new program to start providing services.

Success story

This month, one of our most meaningful successes came from the dedication and focused effort of our team in supporting clients through the housing process. In October, three clients who had completed their housing applications were successfully matched to a housing program, and then housed, all within the same month. This rapid progress was the result of consistent follow-up, strong collaboration with partner agencies, and the determination of our staff to keep each client's housing pathway moving forward. In addition to these placements, our team completed five new applications this month, laying the groundwork for continued momentum in the months ahead. While we had fewer contacts and met with fewer clients overall, the work was significantly more intensive, as the housing process required a substantial portion of our time and attention.

This month's achievements highlight more than just numerical progress — they reflect the impact of persistence, teamwork, and a deep commitment to client stability. By sustaining this level of engagement, we hope to replicate and expand these successes next month, ensuring that every client has a supported and achievable path toward long-term housing and wellbeing.

Challenges

This month, one of our key challenges arose from our decision to accelerate the housing process for several clients. In an effort to prevent lengthy delays and keep clients from waiting months within their housing programs, our team took on the responsibility of locating available units ourselves and personally transporting clients to view them. While this approach significantly sped up their path to housing, it also required far more intensive, hands-on involvement than usual.

Because we dedicated so much time to searching for units, coordinating viewings, and supporting clients through each step, our capacity for canvassing was greatly reduced. Although we had intended to conduct more outreach this month, the urgency of securing housing took priority, and our time was stretched thin as a result.

This challenge highlighted the balance our team continually navigates between direct client support and broader outreach efforts. While the increased workload limited our canvassing, it also reinforced our commitment to ensuring clients receive timely, effective assistance, especially when proactive involvement can make a meaningful difference in shortening the path to stable housing.
