French Quarter MANAGEMENT DISTRICT

LIVABILITY COMMITTEE

Meeting Notes

Monday, 6 July 2026, 11:00 AM

Covenant House, Board Room

611 N. Rampart Street, New Orleans, LA 70112

1. Call to Order, Roll Call, Guest Introductions

The meeting was called to order at 11:00 AM.

ROLL CALL: COMMITTEE MEMBERS				
First Name	Last Name	Present	Absent	Approve previous meeting notes
Madison	Charleston		X	-
Rene	Fransen	X		Yes
Mamie	Gasperecz	X		Yes
Erin	Holmes	X		Yes
Antonio	Carbone	X		Yes
Joey	DiFatta	X		-
Lori	Boyer	X		Yes
Robert	Wingerter		X	-

INTRODUCTION OF ATTENDEES: GUESTS		
First Name	Last Name	Role
Michelle	Courseault	FQMD Executive Director
Shelby	Ursu	FQMD Coordinator
Glade	Bilby	FQMD Commissioner

2. Public Comment

No written public comment was received.

3. Motion – Consider a motion to approve the previous meeting notes

Lori Boyer made a motion to approve the previous meeting notes. Rene Fransen seconded the motion, and it was approved.

4. Quality of Life Impact Report*, Mamie Gasperecz, Committee Chair

See attached document. Committee Chair Mamie Gasperecz reviewed the May Quality of Life Impact Report with the Committee and stated that the new and improved French Quarter Task Force app has officially launched. She reported that the French Quarter Business Stabilization Fund passed and launched last week, noting that the FQMD Board approved participation in the initiative, in partnership with the Department of Public Works (DPW) and the French Market Corporation. Applications for this program are due by July 10th, 2026.

5. Discussion –

   a. 2027 Project Priorities

      i. ID: PEDESTRIAN / VEHICLE / SIGNAGE

See attached documents. The Committee reviewed and prioritized proposed 2027 Public Safety initiatives to be funded through the French Quarter Economic Development District (FQEDD) Trust Fund, in light of anticipated reductions in State funding. Committee members supported continuing pedestrian and vehicle safety improvements, particularly along North Rampart Street from Canal to Esplanade, while recommending partnerships to advance mobility studies and design-based solutions, like safer bicycle infrastructure, curb bump-outs, and improved traffic control measures. The Committee supported maintaining inventory for traffic safety materials and reaffirmed that major infrastructure should remain a City responsibility.

The French Quarter Management District is a state political subdivision created by the Louisiana Legislature as a means for the residential and business communities to work together to protect, preserve and maintain the world famous French Quarter as a safe, clean, vibrant, and friendly neighborhood for residents, businesses, and visitors.

The Committee discussed inviting City Council representatives to a future Board meeting to provide context regarding District funding priorities and the intended use of FQEDD funds. The Committee also highlighted the importance of identifying initiatives that align with the FQMD's mission, increasing public awareness through enhanced communications, and continuing support for resident-focused programs. Michelle Courseault noted that she will use August to develop project scopes and cost estimates for the Committee's prioritized 2027 initiatives.

6. Updates:

   a. Public Safety Street Markings Project Phase II

Antonio Carbone requested that the project name be updated from "Public Safety Street Markings Project Phase II" to "2026 Public Safety Street Markings Project" moving forward. Ms. Courseault will make the requested revisions. She reported that the Board has approved funding for the remaining street markings to be completed and noted that the remaining work is anticipated to be completed by year-end.

   b. Unhoused Services Pilot Program

See attached document. Ms. Courseault reported that an individual was hired and onboarded for this program, which is scheduled to launch in July. She noted that Taylor Diles, of the Office of Homeless Services & Strategy, has identified approximately 27 individuals as potential participants in the initiative. Ms. Courseault added that Mr. Diles will be able to present monthly statistics to the Committee once the program has launched and data can start being collected.

   c. Public Safety Right of Way Guidelines Project

See attached document. Ms. Courseault reported that this project is in progress, noting that she met with the DPW last week.

   d. Full-Time Position: Special Projects Manager

Ms. Gasperecz reported that a third interview with a potential candidate will be scheduled next week, with the goal to have this position filled in the near term.

7. New Business– To consider and take action upon any other matters that may properly come before the French Quarter Management District Livability Committee

Ms. Boyer shared that the French Quarter Museum Association's Gallery Night, held July 2nd, was well attended, noting that the Historic New Orleans Collection welcomed more than 800 visitors.

Ms. Courseault encouraged Committee members to use the Fulcrum app to report miscellaneous public right-of-way items, including barricades, observed throughout the French Quarter. She stated that the DPW has offered to assist with cleanup of these items and that Committee members can help track them by logging reports in the app under the "2026 barricades assessment."

8. Adjournment

Mr. Carbone made a motion to adjourn. Mr. Fransen seconded the motion, and the meeting adjourned at 12:01 PM.

The next scheduled meeting of the Committee is Tuesday, September 8th, 2026, at 11 AM.

The French Quarter Management District is a state political subdivision created by the Louisiana Legislature as a means for the residential and business communities to work together to protect, preserve and maintain the world famous French Quarter as a safe, clean, vibrant, and friendly neighborhood for residents, businesses, and visitors.

Quality of Life - FQ Livability

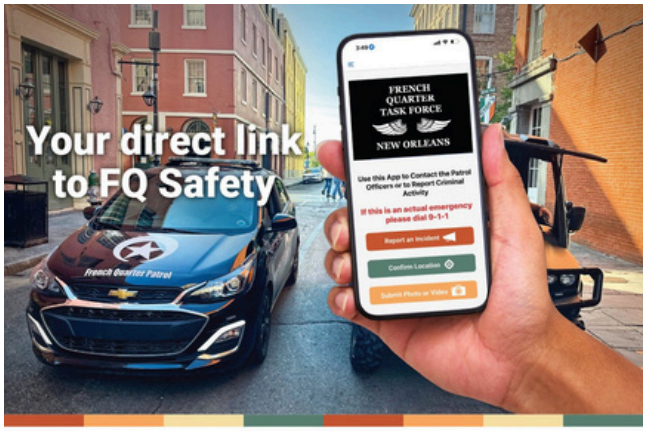

Impact Report

French Quarter MANAGEMENT DISTRICT

MAY 1-31, 2026

The Livability Committee is a public-facing body that provides strategic oversight of FQMD programs impacting quality of life in the French Quarter — including cleanliness, safety, social services, and public space improvements.

Note: Due to vendor reports being received mid-month following month-end, Impact Reports reflect the prior month, not the most recent month.

Mayor Helena Moreno and The City of New Orleans today announced a **FQ Business Stabilization Fund** to assist businesses located along two economically vibrant corridors, Lower Decatur and St. Peter Streets, that have experienced prolonged disruption due to construction projects.

Impact Metric Stats, MAY 2026

Goal 1: Youth Homelessness

- Total French Quarter Interactions: **22** (of 28 citywide)
- Care / Hygiene Kits Distributed: **19**
- Referred to Emergency Shelter: **10**
- Emergency Overnight Stays: **3**
- Mental Health Visits: **20**

(Services & full reports provided by Covenant House)

Goal 2: Adult Homelessness

City's Strategic Alternative Proposal under review, shifting from prior KPI focus on LEAD referrals and shelter placements to a more comprehensive, coordinated model with dedicated teams, consistent coverage, and defined shelter exit outcomes. Anticipated start JULY 31

Goal 3: Sanitation / Recycling Waste Mgmt.

- Total 311 requests resolved: **24**
- Average # of Days to Resolve 311 Requests: **3**
- Quarter Clean email requests resolved: **18**
- Glass Recycled: **3,887** in Cubic Yards
- Plastic, Metal, Aluminum Recycled: 12.17 in cubic yards
- Cardboard Recycled: **27.75** cubic yards

(Services & full reports provided by IV Waste, Glass Half Full)

Goal 4: Public Safety Improvements

- FQMD participates in Mayor's Infrastructure Coordinating Council to improve coordinated infrastructure operations.
- Public Safety Right of Way Guidelines (Development Phase)
- Signage (Active Phase)
- Public Safety St. Markings (Procurement Phase)

French Quarter MANAGEMENT DISTRICT

Explorations towards a

5 YEAR STRATEGIC PLAN: 2027

Examples below reflect themes and discussions previously raised through Livability Committee meetings, project updates, strategic discussions, and related public safety initiatives.

VEH/PEDESTRIAN SAFETY

- Law/ EMS/Fire Street Markings
- Crosswalks
- Intersection Visibility improvements
- Traffic Calming Measures
- Pedestrian Protection enhancements

MOBILITY

- Emergency improvements
- Congestion reduction strategies
- ADA accessibility improvements
- traffic flow & circulation studies
- Pedestrian flow improvements
- Curb mgmt for emergency access

SIGNAGE

- Pedestrian safety signage expansion
- Emergency directional signage
- Traffic signage
- Parking Guidance Signage
- Wayfinding & Navigation Improvements

INFRASTRUCTURE

- st lights
- Sidewalks
- Drainage Improvements
- Infrastructure Consistency
- Roadway safety Improvements

WHERE CAN WE MAKE THE BIGGEST IMPACTS IN THE QUARTER?

OFFICE OF THE MAYOR

News & Announcements

June 24, 2026 | From City of New Orleans

City Announces New Business Stabilization Fund for French Quarter Businesses Affected by Lower Decatur & St. Peter St. SWBNO Construction Project

NEW ORLEANS – Mayor Helena Moreno and The City of New Orleans today announced a Business Stabilization Fund to assist businesses located along two economically vibrant corridors, Lower Decatur and St. Peter Streets, that have experienced prolonged disruption due to construction projects.

"**The poor communication and even more troubling execution of this SWBNO project has caused significant harm to the businesses and residents of this area. It should never have happened. But, when we see a problem, we go to work, thinking creatively to maximize public and private resources and to lend a hand**," said Mayor Helena Moreno. "**This new fund is only one of the measures we are using to fix a problem the city did not create. Moving forward, we are taking even more urgent steps to keep SWBNO and their contractors accountable; ensure the timelines are met and promises are kept; and to vastly improve communication to our residents and businesses so that this does not happen again**."

The total funding for the New Orleans Business Stabilization Fund is $200,000.

Award Amount - One-time payment with two (2) tiers, determined by the size of the business:

- $2,500 for businesses with fewer than 8 employees
- $5,000 for businesses with 8 employees

The fund program is designed to deliver the stabilization and continuity of historic, vibrant commercial corridors that generate sales tax revenue, which are reinvested into the French Quarter, sustain pedestrian activity that contributed to public safety, and preserve the historic character integral to New Orleans' tourism economy. Moving beyond keeping doors open, the Business Stabilization Fund seeks to enable businesses to retain their workforce.

"The Decatur business payment assistance program is a meaningful investment in the entrepreneurs who bring energy, character, and economic opportunity to our community. Supporting local businesses strengthens the entire corridor and helps ensure long-term growth and success," **said District C Councilmember Freddie King, III.**

Eligibility for the pilot assistance payments program is defined by geographic boundaries, with payments only applicable to businesses located along the following corridors:

- 900 block of Decatur St
- 1000 block of Decatur St
- 1100 block of Decatur St
- 600 block of Peter St

The Moreno Administration has identified $200,000 to begin the business stabilization fund. This initial amount is secured, in part, by the French Quarter Management District, which approved a contribution of $100,000 for this program, as well as assistance from French Market Corporation.

Businesses eligible to receive awards from the fund must meet the criteria listed below:

- Recipient has owned and continuously operated a business or commercial enterprise since January 1, 2025, at an address fronting the construction project boundaries.
- Recipient has experienced a decrease in revenue that is reasonably attributed to the construction project.

When applying, businesses will have to provide certification that:

- The decrease in revenues is equal to or exceeds the amount of assistance payments sought.
- The total sales tax remitted since January 1, 2025, exceeds amount of payment assistance sought.
- The business intends to use best efforts to continue operations.
- The applicant is willing to provide any information or documents reasonably requested to verify the accuracy of certification.

Greater New Orleans Foundation (GNOF) will serve as the administrator for the program through The New Orleans Community Support Foundation.

To apply, visit: gnof.org/program/business-stabilization-fund/

The application portal opens Monday, June 29th at 9:00 a.m.

Applications are due July 10, 2026.

Outlook

FQ Closure Maintenance Update

From Taylor M Diles <Taylor.Diles@nola.gov>
Date Wed 7/1/2026 2:06 PM
To Michelle Courseault <executivedirector@fqmd.org>
Cc Jennifer L. Avegno M.D. <Jennifer.Avegno@nola.gov>

Good afternoon Michelle,

I wanted to provide an update on where we're at with launching our closure maintenance work in the French Quarter.

- The outreach positions were approved and opened yesterday. We already have a list of approved candidates that I will be combing through to find a potential fit. We will be posting the positions publicly on Friday, so we'll start recruiting as soon as possible. I want to get at least one person hired and onboarded as soon as possible so the work can begin in July.

- We're moving the operations money for the shelter exits to an existing contract between our office and the Greater New Orleans Foundation. We need to make a contract amendment to make that happen, which I have been advised will take 5-6 weeks. We are prepared to begin the outreach efforts before the money is in place with existing shelter beds. Fortunately, we already have a list of people we're prepared to exit from the shelter, so I am confident we will complete the 27 shelter exits before the end of the year.

My next steps are as follows:

1. Connect NOPD, LSP, OHSS, and FQMD Leadership by July 15th to set up our meeting cadence to discuss project logistics and updates.
2. Find, interview, onboard, and train outreach staff to begin outreach efforts by July 31st.
3. Montior the contract amendment process and provide updates.

We're very close to getting the work started. Happy to sit down and talk through these updates or projecting for 2027 if you'd like. Appreciate your time, and let me know if you have any questions.

Taylor Diles

French Quarter MANAGEMENT DISTRICT

June 3, 2026

To: Executive Director
French Quarter Management District
400 North Peters Street, Suite 206
New Orleans, LA 70130

Subject: **Program Manager Report – May 2026**

The following work priorities identified between the FQMD Program Manager and the FQMD Executive Director for the month of May 2026 are as follows:

1. **Project Development – French Quarter Right of Way Design Guidelines Solicitation**
   a. **Status:** *Active*
   b. **Funding Strategy:** State of Louisiana ($50K)
   c. **Specified Tasks** *with Notes:*
      1) **Specified Task 1:** Draft scope with DPW input. *Attempts to coordinate with DPW to provide the products needed have been mostly lukewarm, yet failing to produce a previously used scope of work or solicitation for an A&E service contract. Notwithstanding, I have reached out to outside agencies that have completed A&E service work in years past with DPW to reverse-engineer a contractable scope of work. This process is not complete yet and will be discussed with the FQMD 26-05 project development team early next week.* *ED needs to review scope.*
      2) **Specified Task 2:** Send draft to ED; cc: Antonio for review before presentation to committee in June. *Incomplete due to medical issues in the latter half of May. Also, see above note on Scope of Work development.* *ED needs to review scope.*
   d. **Service Hours this Month:** 20 hours

2. **Project Development – Street Markings 2026** *(Please no more "Phase II" language on internal documents)*
   a. **Status:** *Active*
   b. **Funding Strategy:** FQEDD 2025 ($110K)
   c. **Specified Tasks** *with Notes:*
      1) **Specified Task 1:** Outline procurement process. *I have recommended we go with an informal solicitation with the current vendor in accordance with State legislation to close out this effort. Pending decision to engage current vendor.* *Per FQMD Board – procurement process to begin anew, with the scope of work specified by # of markings, not the amount authorized.*
      2) **Specified Task 2:** Draft contract scope. *Completed and reviewed by Antonio.*
      3) **Specified Task 3:** Send draft to ED; cc: Antonio for review before presentation to committee in June. *Partially completed. Scope was reviewed in May by Antonio earlier in the Month. June presentation was not completed due to medical issues lasting into June.* *ED needs to review scope.*
   d. **Service Hours this Month:** 12 hours

Subject: Program Manager's End of the Month Update – April 2026

Subject: **Program Manager's End of the Month Update – April 2026**

3. **Program Management – Curb and Traffic Signage Program**

   a. **Status:** *Active*

   b. **Funding: Multiple Sources**

   c. **Specified Tasks** *with Notes:*

      1) **Specified Task 1:** Outline procurement process with $5k Budget Assessment: Outline expense for State Law signs on Esplanade. *I have recommended small purchase with credit card in accordance with State Public Bid Law. I have also provided price estimates for signs. ED needs to review price estimates.*

      2) **Specified Task 2:** Draft contract scope (Flex posts, State Law signs). *An initial scope of work is being drafted to address possible locations. Work has been put on hold to address other priorities and will resume mid-June.*

      3) **Specified Task 3:** Send draft to ED; cc: Antonio for review before presentation to committee in June. *Incomplete due to medical issues leading into June.ED needs to review scope.*

   d. **Service Hours this Month:** 16 hours

4. **Program Management – Other Critical Projects, Programs and Ongoing Collaborative Efforts**

   a. **Specified Tasks** *with Notes:*

      Review State and Byrne grant receipts reporting, with ED before submission.

      Per our last meeting in May, Sam from JWF has prepared Draft Q3 report for State, pending any last-minute edits we are prepared to submit on Friday, 5June. Continuing efforts to monitor, mentor and support.

   b. **Service Hours this Month:** 12 hours
