On June 1st, 2026, at approximately 5:30 PM, Sergeant Loy Madrigal observed James Gustowski (DOB 11/30/1988) obstructing the public sidewalk in the 500 block of Governor Nicholls Street. Upon contact, the subject's identity was verified, and a records check revealed an active municipal attachment for failure to appear in court. The attachment was addressed by issuing a municipal summons for 17271MCS 54-28 (Failure to Appear in Court), related to Municipal Attachment #1233105. The subject was served with a new court date and is scheduled to appear before Municipal Court on June 9th, 2026.

6/6/2026

On Saturday, June 6th, 2026, at approximately 9:00 AM, Sergeant Madrigal was on vehicle patrol in the area of Decatur Street and Esplanade Avenue when he observed two white males with bicycles standing on the neutral ground at that intersection. Sergeant Madrigal conducted further observation and observed one of the subjects, later identified as Christopher Miller (DOB 05/06/1976), bent over holding multiple syringes with orange caps in his hands while the second white male appeared to be waiting nearby. As Sergeant Madrigal approached, Miller immediately placed the syringes on the ground. The syringes appeared to be loaded with a liquid substance. Sergeant Madrigal asked Miller if the syringes contained any substance, and Miller stated that they did not. Miller then picked up both syringes and intentionally depressed the plungers, causing the liquid contents to be expelled through the needle tips. Based on his observations and the circumstances, Sergeant Madrigal detained Miller and advised him of his Miranda rights. Miller's identity was verified through NOPD Communications, which revealed that he was listed as wanted out of Lancaster, Ohio, under NIC Number W750494373. Sergeant Madrigal transported Miller to the OPSO 8th District Station for further investigation and warrant verification. During a search of Miller's black backpack, Sergeant Madrigal located a glass pipe containing suspected narcotics residue. Also located inside the backpack was an unlabeled orange container containing multiple small white pills. The pills were field tested using NIK Field Test Kit Lot Number 2033786 and yielded a positive result for amphetamines. Additionally, the backpack contained numerous tools commonly associated with cutting or dismantling metal materials, including tube-cutting tools, screwdrivers, a knife, pliers, scissors, crescent wrenches, drill bits, and a quantity of large cut copper wire. Sergeant Madrigal contacted NCIC and spoke with Operator Franklin regarding the wanted person entry. Operator Franklin advised that Fairfield County, Ohio, would not extradite Miller on the outstanding warrant. As a result, the warrant was verified but no extradition hold was authorized. Christopher Miller was processed accordingly for possession of suspected Schedule II controlled dangerous substances and possession of drug paraphernalia. All evidence was collected and submitted in accordance with departmental procedures.

On Friday, June 5th, 2026, at approximately 11:10 PM, officers observed Alex Neary Lewis engage in behavior consistent with hand-to-hand narcotics transactions. Lewis was seen displaying suspected narcotics to one unidentified male, who examined the substance before returning it. Moments later, a second unidentified male approached Lewis, handed him an unknown amount of U.S. currency, and Lewis concealed the money in his pocket before retrieving a black glove from his waistband. Lewis then removed suspected narcotics from the glove and handed the substance to the second male in exchange for the currency. Based on Officer Perry's training and experience, the observed actions were consistent with the illegal distribution of narcotics. Officer Perry relayed the information to the Bourbon Promenade Task Force, which conducted an investigatory stop in the 100 block of Bourbon Street near Iberville Street. During the arrest, officers observed Lewis discard a paper towel containing suspected marijuana. After being transported to the 8th District Station, Lewis was advised of his Miranda rights and searched incident to arrest. OPSO deputies recovered a black glove concealed under Lewis's genital area containing suspected crack cocaine, fentanyl powder, and fentanyl pills.
