French Quarter MANAGEMENT DISTRICT

LIVABILITY COMMITTEE

Meeting Notes

Tuesday, 8 September 2026, 11:00 AM

Covenant House, Board Room

611 N. Rampart Street, New Orleans, LA 70112

1. Call to Order, Roll Call, Guest Introductions

The meeting was called to order at 11:05 AM.

ROLL CALL: COMMITTEE MEMBERS			
First Name	Last Name	Present	Absent
Madison	Charleston	X	
Rene	Fransen		X
Mamie	Gasperecz		X
Erin	Holmes	X	
Antonio	Carbone		X
Joey	DiFatta	X	
Lori	Boyer	X	
Robert	Wingerter		X

INTRODUCTION OF ATTENDEES: GUESTS		
First Name	Last Name	Role
Michelle	Courseault	FQMD Executive Director
Shelby	Ursu	FQMD Coordinator
Lorrie	Adair	FQMD Special Projects Manager
Glade	Bilby	FQMD Commissioner
Chad	Pellerin	Resident
Diego	Perdomo	Resident

2. Committee Chair's Quality of Life Impact Report* and Comments

Vice-Chair Erin Holmes chaired the meeting and reviewed the 2026 Quality of Life Impact Report. See attached report.

a. New Hire Introduction: Lorrie Adair, FQMD, Special Projects Manager

Executive Director Michelle Courseault introduced Lorrie Adair, FQMD Special Projects Manager.

3. Approve the previous meeting notes: July 2026 - *No motion was made due to lack of quorum.*

4. Public Comment - No written public comments were received.

5. New Business

a. 2027 Budget Proposal Presentation – by Lorrie Adair

Staff presented proposed 2027 initiatives related to street name tiles, street markings, and pedestrian safety improvements on Esplanade Avenue. The Committee also discussed reallocating $150,000 previously budgeted for sidewalk repairs to a French Quarter Curb Use Assessment. Due to the lack of quorum, no action was taken and the items will return for consideration at the October meeting. See attached documents.

i. Motion: To consider approval of reallocating the 2026 French Quarter Economic Development District $150,000.00 Pedestrian and Vehicle Safety budget allocation for sidewalk repairs to fund a French Quarter Curb Use Assessment, as presented.

No action taken due to lack of quorum.

The French Quarter Management District is a state political subdivision created by the Louisiana Legislature as a means for the residential and business communities to work together to protect, preserve and maintain the world famous French Quarter as a safe, clean, vibrant, and friendly neighborhood for residents, businesses, and visitors.

ii. Motion: to recommend to the Finance & Development Committee approval of the 2027 French Quarter Economic Development District Budget Requests, as presented.

No action taken due to lack of quorum.

6. Informational Updates

a. 2026 Project Updates (Street Markings, Guidelines, Signage, Sidewalks)

Staff provided updates on the Guidelines, street markings, signage, and sidewalk projects.

b. Unhoused Support Key Performance Indices (Covenant House, Office of Homeless Services & Strategy)

Staff reviewed August performance data for the 2026 unhoused support pilot program and provided an update on outreach and shelter services in the French Quarter. The Committee discussed reported activity in the Jackson Square area and continued use of the FQ Task Force app for reporting. See attached report.

7. Adjournment

The meeting adjourned at 12:04 PM.

The next scheduled meeting of the Committee is Monday, October 5th, 2026, at 11 AM.

The French Quarter Management District is a state political subdivision created by the Louisiana Legislature as a means for the residential and business communities to work together to protect, preserve and maintain the world famous French Quarter as a safe, clean, vibrant, and friendly neighborhood for residents, businesses, and visitors.

French Quarter MANAGEMENT DISTRICT

Funding Proposal: FY27
Replace Damaged Street Tile Names

Background
Funding is for replacing broken/missing historic street name tiles imbedded in the sidewalks. Funding is a rough order of magnitude estimate based on a visual survey of 84 street corner locations within the Quarter. With ongoing construction at the sidewalks including utility work, theft, vandalism, building construction and street repair, numerous tile locations have been damaged or are completely missing, see Exhibit A attached. Also, in our recent discussions with DPW, this would not be a project that they would be willing to tackle.

Purpose of Funding
The purpose of this funding is to remove, replace, and install new street name tiles for the French quarter where the tiles are damaged or missing. The new tiles will retain the same historic appearance and qualities of the original tiles.

Scope
The scope of work includes replacing street name tiles within 3 sidewalk materials, brick, concrete, and slate. The funding will include costs for removing damaged tiles, fabricating new tiles, and installing new tiles in original locations. Funding includes material and labor costs.

Funding Request: $144,000

Estimate: This estimate is based on a visual survey of the Quarter. The below list is a breakdown of the streets that include missing or damaged street name tiles:

1. Rampart and North/South streets - 0. There did not appear to be any tiles on Rampart, so nothing needed here.
2. Burgundy – 10 locations
3. Dauphine – 7 locations
4. Bourbon – 46 locations
5. Royal – 20 locations
6. Chartres – 82 locations
7. Decatur – 59 locations. Note there is significant road construction ongoing on Decatur. The 59 locations assume that the existing contractor will not be replacing the tiles.
8. N. Peters – 2 locations
9. Canal – 0 locations. Canal Street currently has imbedded metal street names for the streets entering the Quarter. No work needed on Canal.

TOTAL – Approximately 144 locations need tile replacement from damaged, broken, or missing street name tiles.

Cost to remove existing damaged tiles, fabricate new tiles, install new tiles in one of 3 sidewalk surface materials, and repair sidewalk around new tiles per discussions with local contractor

who is currently working on sidewalk repair in the Quarter is approximately $1,000 per location. This amount should cover any condition, including all 3 sidewalk materials. This number is a ROM (Rough Order of Magnitude) cost for budgeting purposes. Accurate cost will become evident after we receive actual bids and/or quotes.

TOTAL requested - $144,000

Note per Public Works bidding requirements, this amount is under $157,700 so FQMD only needs to source (3) phone bids.

Requested Motion
Consider a recommendation to the Finance & Development Committee approval of a $XXX allocation to fund installing new street name tiles.

French Quarter MANAGEMENT DISTRICT

Funding Proposal:
FY27 – IDIQ Street Markings

Background
Funding is to support and IDIQ contract (Indefinite Delivery Indefinite Quantity) cost needed to street marking that are under construction at this time from the SWBNO project.

Purpose of Funding
The purpose of this funding is to complete the street markings that are under construction for the French Quarter for emergency responder mobility. The completion will improve emergency response access and maneuverability within the French Quarter. Funding does not include residential driveways per recommendations from DPW and Legal counsel.

Scope
The scope of work is (3) fold, installing colored thermoplastic street markings to include:

1. Yellow: No Parking/Tow Away zone - locations TBD
2. Red: Fire Hydrant zone - locations TBD
3. Blue: ADA compliant – locations TBD

Mark No Parking at Street Corners (locations TBD)

To deter and prevent illegal parking within the 20 foot no parking lanes at street corners, higher visibility needs to be achieved at the intersections. Street corners will be marked in accordance with the MUTD with yellow reflective thermoplastic. Please see Exhibit A for reference.

Mark Established Fire Hydrant (locations TBD)

To improve access for emergency response vehicles in the business zone & perimeter streets, higher visibility needs to be achieved at the locations for fire hydrants. Fire hydrant locations will be marked in reference to the MUTCD in red reflective thermoplastic with white reflective lettering. Please see Exhibit B for reference.

Mark Accessible Parking Spaces (locations TBD)

To deter and prevent illegal parking where ADA-compliant marking is worn, substandard, or otherwise failing, higher visibility needs to be achieved at these locations. Accessible parking spaces

Funding Request: $50,000

Estimate:

1. Yellow: No Parking – @ $575 each
2. Red: Fire Hydrant – @ $750 each
3. Blue: ADA compliant Parking Spaces – @$1,800 each

French Quarter MANAGEMENT DISTRICT

Funding Proposal:
FY27 – IDIQ Street Markings

TOTAL requested - $50,000

Note per Public Works bidding requirements, this amount is under $157,700 so FQMD only needs to source (3) phone bids.

Requested Motion
Consider a recommendation to the Finance & Development Committee approval of $50,000 to complete street markings where construction is currently underway.

Funding Proposal: FY27
Improve Pedestrian Safety on Esplanade Street

Background
The French Quarter has an ongoing issue regarding pedestrian safety on Esplanade and Rampart Streets. Per our discussions with DPW, a significant study is underway for the entire city, including Rampart entitled “Downtown Bikeways”.

The goal of the Downtown Bikeways study is to:

1. Maximize low stress bikeways throughout Downtown corridors so that more people of all ages and abilities can connect by bike to destinations downtown and surrounding neighborhoods.
2. To increase the amount of people bicycling and ultimately decrease total vehicular emissions.

Included in this study is adding new traffic signals on Rampart at St. Ann and St. Phillip Streets. This will help with pedestrian safety on Rampart. However, the study is just beginning and DPW anticipates the study will be complete in October 2027. Once the study is complete, construction will begin and will be completed in October 2029. So, this is not an immediate fix for Rampart, but the safety concerns will be addressed. With Rampart study underway, FQMD and DPW decided to shift focus to Esplanade. This funding proposal is to improve pedestrian safety at Esplanade only.

Purpose of Funding
The purpose of this funding is to add pedestrian crossing signals at (3) locations on Esplanade. Currently, Esplanade has (2) stoplight crossings at Decatur and Royal. These (2) stoplights do not have pedestrian crossing capabilities. This funding will add pedestrian crossing signals at Decatur and Royal on Esplanade. A new third pedestrian crossing location will be added at Dauphine and Esplanade. The funding is for a new pedestrian crossing signal, not a new stoplight at Dauphine. By implementing the above pedestrian crossing signals, we will have pedestrian crossing signals at every other street on Esplanade. DPW is on board with this plan.

Scope
The scope of work includes the following:

Esplanade & Royal:

Add - (12) pedestrian signals – qty (12) at $750 each = $9,000

Add (12) push buttons – qty (12) at $700 each = $8,400

Add (1) cabinet controller – qty (1) + $3,000

French Quarter MANAGEMENT DISTRICT

Funding Proposal: FY27
Improve Pedestrian Safety on Esplanade Street

Esplanade & Decatur:

Add - (8) pedestrian signals – qty (8) at $750 each = $6,000

Add (8) push buttons – qty (8) at $700 each = $5,600

Add (1) cabinet controller – qty (1) + $3,000

See Exhibit A

New pedestrian signal at Esplanade & Dauphine - $25,000

Device will be like the DPW signal at Lafitte & N. Claiborne at the Lafitte Greenway under I-10

See Exhibit B

TOTAL for all devices: $60,000

Funding Request: $60,000

Note per Public Works bidding requirements, this amount is under $157,700 so FQMD only needs to source (3) phone bids.

Requested Motion
Consider a recommendation to the Finance & Development Committee approval of a $60,000 allocation to fund adding pedestrian safety crossing devices at Esplanade.

RE: August 2026 French Quarter Engagement Report

Background

French Quarter Homeless Outreach Team (HOT Team) operations began on August 17, 2026 with a soft launch, in partnership with the City of New Orleans Office of Homeless Services and Strategies (OHSS) and assigned French Quarter Supplemental Patrol officers. During the initial two-week implementation period, outreach was conducted by existing OHSS daytime staff, with engagement shifts increasing from every other day to daily operations.

Dedicated OHSS staff began French Quarter outreach operations on August 31, 2026.

Data

Date	# of Engagements	Unique Individuals	Repeat Engagements	People who left area	Shelter Transports	Citations

KPIs

Average Daily Engagements

- **Week of August 17:** 18 average daily engagements
- **Week of August 24:** 40 average daily engagements
- **Goal:** To be Determined (begin evaluation 9/12)

Shelter Transports

- **August:** 24 shelter transports
- **Monthly Goal:** 6 shelter transports
- **Year-End Goal:** 27 shelter transports by December 31, 2026

Shelter Exits

- **August:** 0 shelter exits
- **Monthly Goal:** 6 shelter exits
- **Year-End Goal:** 27 shelter exits by December 31, 2026

Engagement Summary and Observations

During the first week of operations, outreach shifts were conducted from 3:00 p.m. to 11:00 p.m. During the second week, the schedule shifted to 1:00 a.m. to 9:00 a.m. The change in operating hours likely contributed to the significant increase in engagements beginning August 24, as outreach staff encountered more individuals sleeping outdoors during the overnight and early-morning hours.

Most engagements conclude with an individual getting up and leaving the immediate area before the HOT Team has an opportunity to conduct a more substantive outreach conversation. Approximately 10% of engagements result in acceptance of shelter placement. Despite the relatively low shelter acceptance rate, the team completed 24 shelter transports during the reporting period.

The primary concentration of unsheltered individuals continues to be the French Market area, particularly the area generally bounded by Decatur Street, Dumaine Street, North Peters Street, and Barracks Street. Outreach staff have also identified approximately 12 individuals who appear to require a higher level of intervention than traditional street outreach can provide. These individuals will be prioritized for engagement and assessment by the OHSS Complex Needs Team.

Beginning September 12, operations will expand to provide both **1:00 a.m.–9:00 a.m.** and **4:00 p.m.–11:00 p.m.** coverage. Because this expansion will increase the number of daily outreach hours, the total number of engagements may initially increase. Over time, however, consistent engagement, shelter placement, and connections to appropriate services are expected to reduce repeat encounters and the number of individuals experiencing unsheltered homelessness in the French Quarter.

Shelter Exit Updates

The City is finalizing the process for routing dedicated shelter-exit funding through a third-party financial administrator. This structure is intended to support consistent and timely payments to landlords, property managers, and other vendors while maintaining appropriate fiscal controls.

Funding is currently anticipated to be available for shelter-exit assistance by the beginning of October 2026. Once funding is available, OHSS will prioritize eligible shelter residents for housing placement and move-in assistance.

The City remains on track to complete the targeted **27 shelter exits by the end of 2026**.
