INTRODUCTION OF ATTENDEES:

GUESTS		
First	**Last**	**Role**
Michelle	Courseault	FQMD Executive Director
Shelby	Ursu	FQMD Coordinator
Lorrie	Adair	Program Manager
Sgt. John	Castelin	SPPP
Cpt. Sam	Palumbo	NOPD 8th District
Matt	Pincus	UQP
Sayde	Finkel	City of New Orleans
Rodney	Hyatt	LSP
Sgt. Nick	Folse	LSP
Taylor	Diles	OHSS
Christine	Bondio	FQMD Board Chair
Ethan	Ellestad	MACCNO
Vincent	Marziale	UQP
Diego	Perdomo	Verite News
Monty	Montelongo	LSP
Dixon	McMakin	State representative
Seth	Knudsen	DDD

2. Committee Chair's Impact Report* and Comments

Committee Vice-Chair Jessica Dietz reviewed the September Impact Report and introduced the Committee to the FQMD's new Program Manager Lorrie Adair and to Sergeant Nick Folse of the Louisiana State Police (LSP). See attached report.

3. Approve the previous meeting notes: July 2026

Glade Bilby made a motion to approve the previous meeting notes. Frances Hegenberger seconded the motion, and it was approved.

4. Public Comment No written public comments were received.

5. New Business

   a. 2027 Budget

Sgt. Folse presented the LSP's budget proposal of up to $600,000 to provide additional LSP patrol coverage and hours for 2027. In response to a question regarding the proposed additional $340,000, FQMD Executive Director Michelle Courseault identified the 2026-27 State appropriations and the French Quarter Economic Development District (FQEDD) budget as potential funding sources. See attached proposal.

The French Quarter Management District is a state political subdivision created by the Louisiana Legislature as a means for the residential and business communities to work together to protect, preserve and maintain the world famous French Quarter as a safe, clean, vibrant, and friendly neighborhood for residents, businesses, and visitors.

Upper Quarter Patrol (UQP) Deputy Constable Matt Pincus presented a proposal to extend the use of the UQP transport van for 2027, noting the successful aid that the van has provided for law enforcement in the French Quarter so far this year. See attached proposal.

Taylor Diles, representative from the Office of Homeless Services & Strategy (OHSS), reviewed the 2027 unhoused services program proposal that would maintain the current pilot program's staffing coverage and expand the number of shelter exits to housing. The Committee requested that updated program key performance indices (KPIs), including data through October, and the amount of unused 2026 funding available for rollover, be provided for consideration and a formal vote at the October 12th Committee meeting. No action was taken on this proposal at this time. See attached proposal.

i. Motion: *to recommend to the Finance & Development Committee approval of the 2027 Budget Requests, as presented*, including the Louisiana State Police and Arrest Transport Unit.*

Mr. G. Bilby made a motion to recommend to the Finance & Development Committee approval of the 2027 budget requests, including the $600,000 Louisiana State Police proposal and the $62,400 Upper Quarter Patrol Arrest Transport Unit proposal, as presented. Maddie Charleston seconded the motion, and it was approved unanimously.

6. Informational Updates

a. Office of Homeless Services & Strategy Unhoused Support Key Performance Indices Report, *presented by Taylor Diles*, Office of Homeless Services and Strategy, City of New Orleans

Mr. Diles provided an update on the unhoused outreach pilot program, reporting 42 shelter transports as of today. He noted that the third outreach staff member is scheduled to begin field work in early October. Representatives also discussed shelter capacity, including the use of the New Orleans Mission as a potential backup location to the Low Barrier Shelter. Mr. Diles reported that the program is continuing to refine engagement strategies. Committee members discussed recent concentrations of unhoused activity, including the French Market area, Jackson Square, Esplanade Avenue, and the lower French Quarter. See attached report.

b. French Quarter Patrol Key Performance Indices Reports

i. LA State Police (Captain Rodney Hyatt)

Sgt. Folse reviewed the September KPI report and discussed coordination among all law enforcement agencies regarding quality-of-life matters, including issues involving unhoused individuals and parking enforcement, and noted ongoing coordination with the City Attorney's Office regarding citations. See attached report.

ii. Upper Quarter Patrol, Transport Unit (Deputy Constable Matt Pincus)

Mr. Pincus reported 18 OPSO transport van operations in August, compared with 28 in July, and noted the availability of two marked canine units Monday through Thursday for narcotics detection and apprehension. He reported that the UQP and Bourbon Promenade UQP officers assisted law enforcement following a shooting on August 21st, providing instrumental information that contributed to the subsequent arrest. See attached report.

iii. Supplemental Police Patrol Program (Sargeant John Castelin)

Sargeant John Castelin reported that FQ Task Force app call response times were 7 minutes in July and 6 minutes in August. Sgt. Castelin reported that 161 of 217 app calls received this month involved unhoused individuals and noted continued coordination with the OHSS outreach team. See attached report.

7. Adjournment

Ms. Charleston made a motion to adjourn. Mr. G. Bilby seconded the motion, and the meeting adjourned at 12:01 PM.

Next Scheduled Committee Meeting Date: ***Monday, October 12th, 2026, 11 AM***

The French Quarter Management District is a state political subdivision created by the Louisiana Legislature as a means for the residential and business communities to work together to protect, preserve and maintain the world famous French Quarter as a safe, clean, vibrant, and friendly neighborhood for residents, businesses, and visitors.

2027 Proposal
French Quarter Patrols – Louisiana State Police Expansion
Submitted to the Security and Enforcement Committee of the French Quarter Management District

Purpose of Proposal

The primary purpose of this proposal is to request that the French Quarter Management District increase its investment in dedicated Louisiana State Police patrols from $260,000 to $600,000 for 2027. The expanded program would supplement existing law enforcement resources and provide additional capacity to respond to public safety needs, quality-of-life concerns, major events, seasonal activity, and emerging conditions in the French Quarter.

Community Justification

The current LSP patrol program has provided measurable supplemental law enforcement activity in the French Quarter. From January 1 through June 30, 2026, LSP personnel dedicated 2,195 operational hours to public safety efforts, including calls for service and agency assists, business checks, foot patrols, traffic stops, coordinated sweeps, enforcement activity, and community outreach. The proposed expansion would build on this demonstrated productivity by increasing dedicated LSP personnel hours and patrol capacity.

Scope of Deployment

• Personnel and Scheduling: The proposed $600,000 investment would fund approximately 8,000 LSP personnel hours annually at the current rate of $75 per hour, averaging approximately 154 personnel hours per week. Deployments may include shifts of up to 14 hours and would be scheduled based on public safety needs and available funding.

• Coordination: Troopers will coordinate with the NOPD Eighth District, LSP Troop NOLA, and other public safety partners to ensure deployments supplement existing resources and align with operational needs.

Deployment Priorities: Patrol activity may include proactive narcotics enforcement; identification and apprehension of wanted persons and felony offenders; visible patrol presence; response to calls for service and agency assists; business checks; foot patrols; traffic enforcement; coordinated sweeps and joint operations with NOPD and other law enforcement partners; arrests and enforcement actions; vehicle towing when warranted; engagement with unhoused individuals for outreach and assistance; major event coverage; and response to emerging public safety and quality of life conditions.

Comparative Program Capacity and Estimated Output

Based on January–June 2026 activity levels, the proposed expansion is expected to substantially increase patrol activity and supplemental law enforcement capacity in the French Quarter.

Program Activity	2026 Estimated Annual Output	2027 Projected Output
Personnel Hours	4,390	8,000
Calls for Service / Agency Assists	1,520	2,770
Business Checks	976	1,779
Foot Patrol Hours	464	846
Traffic Stops	236	430
Coordinated Sweeps	44	80
Total Arrests	70	128
Unhoused Individuals Engaged for Outreach & Assistance	2,868	5,226

2026 estimated annual outputs are based on annualized January–June 2026 activity. 2027 projected outputs apply the same demonstrated activity per personnel hour to approximately 8,000 funded personnel hours. Actual activity will vary based on deployment schedules, public safety needs, major events, seasonal conditions, and enforcement activity.

Operational Discretion

Louisiana State Police troopers assigned to the program will retain full discretion to exercise their professional judgment in law enforcement matters. Deployment schedules and operational priorities will be coordinated with LSP and public safety partners based on conditions within the French Quarter.

Cost

To implement the proposed expansion, FQMD would allocate $600,000 for dedicated Louisiana State Police patrols in 2027.

Hourly rate: $75
Annual funded personnel hours: Approximately 8,000
Average funded personnel hours per week: Approximately 154
Total Cost: $600,000

The proposed investment would build upon the demonstrated 2026 Louisiana State Police activity, substantially increase dedicated supplemental law enforcement capacity, and provide greater flexibility to respond to public safety and quality-of-life needs within the French Quarter.

Summary of Month Activities

7/11/2026

On Saturday, July 11th, 2026, at approximately 12:53 PM, Sergeant Loy Madrigal was on vehicle patrol in the 1300 block of Decatur Street when he observed three individuals sleeping on the sidewalk and obstructing pedestrian traffic. Sergeant Madrigal approached the subjects to wake them and restore the public passage. While making contact, Sergeant Madrigal observed one of the subjects, later identified as Francis Ross Jr. (DOB: 02/12/1978), with a clear plastic baggie containing a white crystal-like substance tucked behind his left ear in plain view. Sergeant Madrigal also observed a separate clear plastic bag containing a multicolored wrapped substance lying on the ground within Ross's immediate wingspan where he had been sitting. A small amount of green leafy vegetable matter was also observed on the ground next to him. After Ross awoke, Sergeant Madrigal asked him about the clear plastic baggie tucked behind his ear. Ross immediately removed the baggie, concealed it in his closed fist, and refused to surrender it. Sergeant Madrigal ordered Ross to hand over the suspected narcotics; however, Ross placed the baggie into his mouth and began chewing it in an apparent attempt to destroy evidence. Sergeant Madrigal attempted to detain Ross, but Ross actively resisted by refusing to place his hands behind his back for handcuffing. Sergeant Madrigal maintained control of Ross by pinning him to the ground with his leg while Ross continued resisting. Ross then attempted to stand up and pull away from Sergeant Madrigal's control. Sergeant Madrigal requested immediate assistance over the radio.

NOPD officers responded to assist with the detention. Despite the officers' presence, Ross continued resisting lawful arrest and refused repeated commands. Ross finally complied after an officer displayed a department-issued Taser, at which time he was safely placed into handcuffs without the Taser being deployed. The clear plastic bag containing the multicolored wrapped substance was recovered from the ground within Ross's immediate wingspan. Ross was then transported to the NOPD Eighth District Station for processing. During a more thorough search at the station, Sergeant Madrigal recovered an additional small clear Ziplock bag containing green vegetable matter from Ross's person. Ross admitted the substance was marijuana. The suspected narcotics, excluding the marijuana, were field tested using a NIK field test kit and yielded a positive result for amphetamines. The marijuana was collected and submitted into evidence. During the investigation, Sergeant Madrigal learned that Ross has prior Louisiana convictions involving controlled dangerous substances, including prior convictions for possession of cocaine and other narcotics offenses, reflecting a history of drug-related violations. Ross was advised of his Miranda rights and booked accordingly.

Charges:
- LRS 40:966 – Prohibited Acts, Schedule I (Possession of Marijuana)
- LRS 40:967 – Prohibited Acts, Schedule II (Possession of Amphetamine)
- LRS 14:108 – Resisting an Officer

Summary of Month Activities

7/17/2026

On Friday, July 17th , 2026, at approximately 9:20 PM, Sergeant Madrigal was on vehicle patrol in the area of Bienville Street and Bourbon Street when he was flagged down by individuals reporting a hit-and-run involving a vehicle and a pedestrian. Witnesses provided a description of the suspect vehicle as a cream-white Cadillac Escalade bearing Texas license plate SLV 0068. Sergeant Madrigal immediately began searching the area and located a vehicle matching the description traveling near the intersection of Bienville Street and Burgundy Street. Sergeant Madrigal conducted a traffic stop on the vehicle, which was occupied by five individuals. The driver was advised of the reason for the stop and was detained pending further investigation. Sergeant Madrigal then escorted the vehicle and its occupants to the NOPD Eighth District Station, where the investigation was turned over to NOPD officers. After completing their investigation, NOPD determined there was probable cause to arrest the driver for the hit-and-run incident. The driver was taken into custody by NOPD. Sergeant Madrigal's involvement concluded after assisting with locating, stopping, and transferring the vehicle and occupants to the NOPD for their investigation.

7/25/2026

On Saturday, July 25th, 2026, at approximately 7:40 PM, Sergeant Madrigal and Deputy Alex Berthelot were on vehicle patrol in the 1400 block of Lafitte Avenue when they observed a wanted subject, later identified as Isaac Lee (DOB: 03/02/1982), standing near a bicycle repair shop. Sergeant Madrigal recognized Lee from an NOPD bulletin as being wanted for theft under Item No. F-14981-26. Deputies confirmed his identity, detained him without incident, advised him of his Miranda rights, and transported him to the Eighth District Station for processing. Sergeant Madrigal contacted OPSO Communications, where Deputy Badon confirmed the warrant was active, and NCIC Operator Jennings verified the warrant.

7/27/2026

On Saturday, July 27th, 2026, at approximately 8:10 PM, Sergeant Madrigal was on vehicle patrol in the 800 block of Iberville Street when he was flagged down by a white female, later identified as Joelle Hensell, at the corner of Iberville and Bourbon Streets. Mrs. Hensell advised that her son, Hayden, had become highly intoxicated, exited their vehicle, and walked away southbound on Bourbon Street. She stated she was concerned for his safety because he did not have a cellular phone and feared he would become lost. Sergeant Madrigal accompanied Mrs. Hensell in an attempt to locate her son. After checking the area, Hayden was located in the 600 block of Bourbon Street. He was identified by his mother and appeared to be intoxicated but was not causing any disturbance or committing any criminal offense at the time. Sergeant Madrigal escorted Hayden and Mrs. Hensell back to their vehicle to ensure they were safely reunited. No further police action was required, and the parties left the area without incident.

Summary of Month Activities

7/31/2026

On Friday, July 31st, 2026, at approximately 9:55 PM, Sergeant Loy Madrigal and Detective Neil Madrigal were conducting a traffic stop at the corner of Carondelet Street and Canal Street. While actively engaged in the traffic stop, Sergeant Loy Madrigal heard the sound of an engine revving from the 100 block of Carondelet Street. Sergeant Loy Madrigal stepped into the street to investigate and observed a gray sedan traveling at a high rate of speed toward Canal Street. Believing the vehicle posed an immediate danger to officers and the public, Sergeant Loy Madrigal approached the vehicle on foot and gave the driver loud verbal commands to stop. The driver ignored the commands and continued driving forward. Sergeant Loy Madrigal continued issuing repeated verbal commands while tapping on the hood of the vehicle in an effort to gain the driver's attention and stop the vehicle. The driver continued to ignore the commands and proceeded forward. Sergeant Loy Madrigal then positioned himself directly in front of the vehicle and gave the driver additional visual and verbal commands to stop.

Instead of complying, the driver continued advancing the vehicle toward Sergeant Loy Madrigal, who remained positioned in front of the vehicle. At the same time, Detective Neil Madrigal moved alongside the driver's side of the vehicle and repeatedly ordered the driver to stop while also tapping on the hood of the vehicle in an attempt to gain the driver's attention. As the vehicle continued advancing toward Sergeant Loy Madrigal, creating an imminent threat of serious bodily injury, Sergeant Loy Madrigal drew his duty firearm and pointed it at the driver while continuing to issue loud verbal commands to stop the vehicle. Simultaneously, Detective Neil Madrigal, who remained positioned on the driver's side of the vehicle, also drew his duty firearm and repeatedly ordered the driver to stop. Despite repeated lawful commands from both officers, the driver continued to ignore them and slowly advanced the vehicle toward Sergeant Loy Madrigal.

Recognizing that the driver continued to refuse lawful commands and posed an immediate threat, Sergeant Loy Madrigal broadcast over the radio requesting additional deputies to respond and assist in stopping the vehicle. After several additional commands from Sergeant Loy Madrigal and Detective Neil Madrigal, the driver finally brought the vehicle to a stop and was ordered to exit the vehicle. The driver complied without further incident. Detective Neil Madrigal holstered his duty firearm and safely placed the driver in handcuffs. After Sergeant Loy Madrigal observed that the driver was secured and no longer posed an immediate threat, Sergeant Loy Madrigal holstered his duty firearm and assisted Detective Neil Madrigal with the detention. The subject was advised of his Miranda rights at the scene. The subject was then transported to the Eighth District Station, where he was positively identified as DaQuwan Jackson Payne, Black male, DOB 07/05/2004. The arrested subject was charged with reckless operation of a vehicle and assault on a peace officer.

Transport Proposal - Upper Quarter Patrol

Enhancing Patrol Efficiency and Interagency Collaboration

Overview

This proposal recommends the addition of a dedicated transport component to the Upper Quarter Patrol. The proposed initiative involves assigning two OPSO deputies to operate a transport van on Friday and Saturday evenings from 8:00 PM to 2:00 AM.

Operational Details

- Personnel: Two OPSO deputies per shift
- Schedule: Fridays and Saturdays, 8:00 PM – 2:00 AM
- Equipment: OPSO-provided transport van

Rationale and Justification

Currently, officers and deputies must leave the district to transfer arrested subjects, reducing the law enforcement presence in the area during critical hours. By introducing a transport van staffed by OPSO deputies, patrol units will remain in the district, increasing visibility and responsiveness to incidents. This enhanced coverage directly supports public safety and community confidence.

Additionally, this proposal strengthens the ongoing partnership between the New Orleans Police Department (NOPD) and the Orleans Parish Sheriff's Office (OPSO), fostering greater collaboration and operational efficiency.

Cost Estimate

- Deputy Pay Rate: $50 per hour per deputy
- Weekly Cost: 2 deputies x 6 hours/shift x 2 shifts/week x $50/hour = $1,200 per week
- Monthly Cost (approx.): $1,200 x 4 weeks = $4,800 per month

Proposal Request: $62,400

Prepared By: SEC Vice Chair, Jessica Dietz September 2026

Summary of Month Activities

8/4/2026

On Tuesday, August 4th, 2026, at approximately 10 PM, Sergeant Loy Madrigal was on vehicle patrol at 1 French Market Place when he observed a white female standing next to a business facing the wall with a plastic pipe held to her mouth. Sergeant Madrigal also observed several small pieces of burnt aluminum foil lying across the business window. Based on his training and experience, the items appeared to be associated with illegal narcotics use. As Sergeant Madrigal approached, he observed two clear glass pipes with residue and a small clear container on the ground within the subject's immediate wingspan. Inside the container was a black plastic baggie containing a yellow substance. The subject was detained for further investigation and identified as Caitlyn Roseberry (DOB: 06/04/2004). She was advised of her Miranda rights and stated she understood them. A records check revealed that Roseberry had an active New Orleans Municipal warrant under Case No. 26M01172, which was confirmed by NCIC Operator Johnson. Sergeant Madrigal field tested the yellow substance using NIK Field Test Kit Lot No. 2033802, and the test was positive for amphetamines. When asked about the substance in the black baggie, Roseberry admitted it was fentanyl. Based on the investigation, Roseberry was placed under arrest and transported to the 8th District Station for processing without incident. Roseberry was charged with the following violations:

• LRS 40:967 – Prohibited Acts, Schedule II (Possession of Methamphetamine and Fentanyl)

• LRS 40:1023 – Prohibited Acts (Drug Paraphernalia)

The recovered evidence was submitted into evidence and will be sent to the crime lab for further testing.

8/25/2026

On Tuesday, August 25th, 2026, at approximately 8:00 PM, Sergeant Madrigal was on vehicle patrol near Carondelet and Common Street when he observed a group of individuals in the 700 block of Common Street who appeared to be involved in a hand-to-hand transaction with a black male wearing a white tank top. Sergeant Madrigal circled the block and caught up with the male in the 100 block of Carondelet Street. The subject, later identified as Tyree Jamal Lee (DOB: 10/24/1997), was pushing a baby stroller with a child inside. Sergeant Madrigal advised Lee of the reason for the stop and requested identification. A radio check through dispatch revealed that Lee was wanted out of Jefferson Parish. At approximately 8:20 PM, Lee was detained. During a visual observation of the baby stroller, Sergeant Madrigal noticed a clear plastic baggie containing a white rock-like substance tucked on the left side of the stroller. Lee was advised of his Miranda rights and transported to the NOPD 8th District Station for processing. The suspected narcotics were field tested using NIK Kit G, Lot #3085036, which returned a positive result for cocaine, with a total weight of approximately 3 grams. An NOPD Child Abuse Detective was also notified due to the presence of the child during the incident.

Summary of Month Activities

8/29/2026

On Saturday, August 29th, 2026, at approximately 6:15 PM, Sergeant Madrigal was conducting vehicle patrol in the area of 1530 Gravier Street. While passing the homeless shelter facility located at that address, Sergeant Madrigal observed a black male wearing a blue shirt and blue jean shorts inside the courtyard. Sergeant Madrigal recognized the male as a wanted subject depicted in a New Orleans Police Department BOLO bulletin concerning an auto burglary investigation. The subject was later confirmed to be Kayson Nathaniel Picou, DOB 07/24/2006. The NOPD BOLO identified Picou in connection with an auto burglary that occurred on July 27th, 2026, at approximately 8:30 PM in the area of 412 O'Keefe Avenue, under NOPD Item Number G-28857-26. Sergeant Madrigal maintained observation of Picou and notified the NOPD dispatcher of the wanted subject's location. Sergeant Madrigal requested additional officers to respond and assist with apprehending Picou. NOPD Officer M. Padilla, Unit 823A; NOPD Officer J. Zitzmann, Unit 823A; NOPD Officer C. Bertrand, Unit 1832; and OPSO Detective Neil Madrigal arrived at the location to assist Sergeant Madrigal.

Sergeant Madrigal and the assisting officers coordinated with security officers from the homeless shelter facility to safely approach Picou inside the courtyard. Picou was apprehended and taken into custody without further incident. NOPD Officer Padilla advised Picou of his Miranda rights at the scene. Picou was then transported to the NOPD 8th District Station for processing. Further investigation and warrant information showed that Picou had active arrest warrants issued through Orleans Parish Criminal District Court, including the following:

• Item/Warrant Number F-28451-26 – LRS 14:70.4, Access Device Fraud (Felony). The supporting investigation involved bank cards taken from a vehicle and subsequently used to make an unauthorized transaction. Surveillance footage obtained during the investigation identified Picou as the person involved in the transaction.

• Item/Warrant Number G-28857-26 – LRS 14:62, Simple Burglary of a Vehicle (Felony). The investigation involved a vehicle burglary and property removed from the victim's vehicle. Surveillance footage was reviewed, and Picou was identified as one of the subjects involved. This matter was also associated with the NOPD BOLO used by Sergeant Madrigal to recognize Picou.

• Item/Warrant Number H-03906-26 – LRS 14:67, Theft Less Than $1,000 (Misdemeanor). The supporting investigation involved merchandise taken from a business. Surveillance footage was reviewed, and Picou was identified as one of the subjects involved.

Following completion of processing at the NOPD 8th District Station, Picou was transported to Orleans Parish Central Lockup for booking on the outstanding warrants. Picou was taken into custody without further incident, and no use of force was required during the apprehension. Disposition: Arrested on outstanding warrants and transported to Central Lockup for booking.

Summary of Month Activities

8/21/2026

On Friday, August 21st, 2026, at approximately 1 AM, Deputy Ryan Paz of the Orleans Parish Sheriff's Office, assigned to the French Quarter/Bourbon Street Upper Quarter Patrol Detail, observed a Black male and Black female near a white Mercedes-Benz in the 800 block of Bienville Street. As Deputy Paz approached the area, he heard two gunshots and immediately notified Dispatch. The female then walked away from the area and pointed towards the white Mercedes-Benz. The white Mercedes-Benz subsequently fled the area. Deputy Paz followed the vehicle with his emergency lights activated in an attempt to maintain visual contact. During the pursuit, the vehicle proceeded through three red traffic signals. Deputy Paz provided Dispatch with a description of the vehicle and continued to maintain visual contact. The vehicle eventually arrived at UMC Emergency Hospital, where the driver stopped and exited the vehicle. The male subject stated that he had been shot. Deputy Paz ordered the subject to remain on the ground, cleared the vehicle, and attended to the injured subject. NOPD officers arrived on scene and assumed control of the investigation. EMS personnel provided medical treatment to the subject.

RE: August 2026 French Quarter Engagement Report

Background

French Quarter Homeless Outreach Team (HOT Team) operations began on August 17, 2026 with a soft launch, in partnership with the City of New Orleans Office of Homeless Services and Strategies (OHSS) and assigned French Quarter Supplemental Patrol officers. During the initial two-week implementation period, outreach was conducted by existing OHSS daytime staff, with engagement shifts increasing from every other day to daily operations.

Dedicated OHSS staff began French Quarter outreach operations on August 31, 2026.

Data

Date	# of Engagements	Unique Individuals	Repeat Engagements	People who left area	Shelter Transports	Citations

KPIs

Average Daily Engagements

- **Week of August 17:** 18 average daily engagements
- **Week of August 24:** 40 average daily engagements
- **Goal:** To be Determined (begin evaluation 9/12)

Shelter Transports

- **August:** 24 shelter transports
- **Monthly Goal:** 6 shelter transports
- **Year-End Goal:** 27 shelter transports by December 31, 2026

Shelter Exits

- **August:** 0 shelter exits
- **Monthly Goal:** 6 shelter exits
- **Year-End Goal:** 27 shelter exits by December 31, 2026

Engagement Summary and Observations

During the first week of operations, outreach shifts were conducted from 3:00 p.m. to 11:00 p.m. During the second week, the schedule shifted to 1:00 a.m. to 9:00 a.m. The change in operating hours likely contributed to the significant increase in engagements beginning August 24, as outreach staff encountered more individuals sleeping outdoors during the overnight and early-morning hours.

Most engagements conclude with an individual getting up and leaving the immediate area before the HOT Team has an opportunity to conduct a more substantive outreach conversation. Approximately 10% of engagements result in acceptance of shelter placement. Despite the relatively low shelter acceptance rate, the team completed 24 shelter transports during the reporting period.

The primary concentration of unsheltered individuals continues to be the French Market area, particularly the area generally bounded by Decatur Street, Dumaine Street, North Peters Street, and Barracks Street. Outreach staff have also identified approximately 12 individuals who appear to require a higher level of intervention than traditional street outreach can provide. These individuals will be prioritized for engagement and assessment by the OHSS Complex Needs Team.

Beginning September 12, operations will expand to provide both **1:00 a.m.–9:00 a.m.** and **4:00 p.m.–11:00 p.m.** coverage. Because this expansion will increase the number of daily outreach hours, the total number of engagements may initially increase. Over time, however, consistent engagement, shelter placement, and connections to appropriate services are expected to reduce repeat encounters and the number of individuals experiencing unsheltered homelessness in the French Quarter.

Shelter Exit Updates

The City is finalizing the process for routing dedicated shelter-exit funding through a third-party financial administrator. This structure is intended to support consistent and timely payments to landlords, property managers, and other vendors while maintaining appropriate fiscal controls.

Funding is currently anticipated to be available for shelter-exit assistance by the beginning of October 2026. Once funding is available, OHSS will prioritize eligible shelter residents for housing placement and move-in assistance.

The City remains on track to complete the targeted **27 shelter exits by the end of 2026**.

TO: Michelle Courseault, Executive Director, FQMD
FROM: Taylor Diles, Director, New Orleans Office of Homeless Services & Strategies (OHSS)
RE: French Quarter Closure Maintenance

2027 Proposal

Staffing
To maintain an improved closure maintenance process, FQMD will continue funding three dedicated, interdisciplinary teams of one outreach staff and one security staff to patrol the Quarter 16 hours a day, 7 days a week (22 hours of coverage on Saturdays), using the 2026 schedule (or adjusting based on the pilot program results). Transportation to shelter will continue with a City vehicle.

Shelter Exits
Availability at LBS will continue to require current residents to exit shelter. LBS will dedicate 2 additional beds in 2027 (total of 5 beds) for the French Quarter work and FQMD will fund 60 shelter exits for the year. This means each bed is expected to transition 12 people out of the shelter in the year at an average pace of one person per month. The average rental support will be a security deposit and up to three months at Fair Market Rent (2026 FMR - $1113 for a 1-bedroom unit; established annually by HUD. Will have to adjust based on 2027 FMR). Additionally, FQMD will fund move-in support packages to promote a successful transition out of shelter.

- Average Rent: $1,113
- Exit Support: up to 3 months
- Total Beds: 5
- Exits per Bed: 12
- Total Clients Served: 60
- Total Shelter Exit Cost ($1113 x 4 x 60): $267,120
- Move-In Package: $1,731 per person

Total Funding Request

Item	Cost	Units	Annual Cost
Outreach FTE (annual salary + fringe)	$66,353	3	$199,059
Shelter Exits (beds + move-in supplies)	$6,183	60	$370,980
Supplies	$5,000	1	$5,000
Coordination	$5,000	1	$5,000
		TOTAL	$580,039

Key Performance Indicators

Indicator	Goal	Target Date	Reported
Engagements	50% decrease from 2026	December 2027	Weekly
Transports to Shelter	60 total	December 2027	Weekly
Shelter Exits	60 total	December 2027	Monthly

OHSS will record the following metrics:

1. Engagements – during their shift, how many times did the team stop to engage someone who was sleeping in the French Quarter? This is *inclusive* of repeat stops (e.g., stopping to speak to the someone who relocated elsewhere in the French Quarter). Teams will record this data daily, and OHSS will provide FQMD with a compiled weekly report.

   Engagement Goal: 50% decrease from peak weekly average engagements by the end of December 2027.

2. Engagement Outcomes – when the team stopped to engage someone, what was the result? Outcomes include: left area, transported to shelter, and citation. Teams will record this data daily, and OHSS will provide FQMD with a compiled weekly report.

   Outcome Goal: 60 transports to shelter by the end of December 2027.

3. Shelter exits – how many people have exited shelter and entered housing? OHSS and LBS leadership will track this data and report to FQMD monthly.

   Exit Goal: 60 shelter exits by the end of December 2027.
