Summary of Month Activities

9/11/2026

On Friday, September 11th, 2026, at approximately 5:18 PM, Sergeant Loy Madrigal was conducting proactive vehicle patrol near the intersection of Gravier Street and Carondelet Street when he observed two black male subjects who appeared to be involved in a hand-to-hand transaction. One of the subjects was known to Sgt. Madrigal as Devon Jackson, DOB 09/09/2005. The second subject was an unidentified black male wearing a white T-shirt and dark shorts who was observed holding a pill bottle in his hand. After the suspected transaction, the two subjects separated. Jackson walked toward the 200 block of Carondelet Street while the unidentified male continued toward the 300 block of Carondelet Street. Sgt. Madrigal approached Jackson in the area of 221 Carondelet Street and conducted an investigation regarding what he had observed. During the investigation, Jackson stated that he did not have anything else on him except marijuana. When Sgt. Madrigal asked how much marijuana he had, Jackson removed a sealed bag containing suspected marijuana from his pocket and presented it to Sgt. Madrigal. Jackson was then detained, and Sgt. Madrigal conducted a pat-down search, during which an additional bag containing suspected marijuana was recovered. Sgt. Madrigal again asked Jackson what he had received from the other male during the suspected hand-to-hand transaction. Jackson stated that it was a pill and indicated the pill that was in his hand. Sgt. Madrigal recovered a single pink-colored pill.

Jackson was advised of his Miranda rights and transported to the NOPD 8th District Station for processing. During processing, the pink pill was field tested using a NIK test kit and returned a positive result for amphetamines. A records check of Jackson also revealed an active municipal attachment for Disturbing the Peace under Item #F-09226-26, as well as an active court capias for Aggravated Assault with a Dangerous Weapon, Warrant #700738. The evidence was subsequently submitted to Central Evidence Receiving Intake. According to the Department Item Report, Exhibit #001 consisted of two packages containing vegetable material: one clear plastic bag and one pre-packed bag, with a combined reported weight of 47.90 grams. Exhibit #002 consisted of one pink pill in a sealed plastic bag, with a reported weight of 0.20 grams. Both exhibits were submitted as evidence and placed on hold for investigative purposes.

Summary of Month Activities

9/18/2026

On Friday, September 18th, 2026, Sgt. Madrigal was conducting proactive patrol in the area of Governor Nicholls and Chartres Streets when he observed a white male wearing dark-colored clothing exit 1243 Chartres Street and walk in the direction of the 500 block of Barracks Street. Sgt. Madrigal continued his patrol toward Decatur Street. Later, while traveling in the 1200 block of Decatur Street, Sgt. Madrigal observed a group of individuals sitting in a manner that was blocking the sidewalk. Sgt. Madrigal approached the group and observed a white male standing with a small clear plastic zip-lock bag in his left hand. The bag appeared to contain a white powder-like substance. Sgt. Madrigal spoke with the subject, who identified himself as Michael Evans. As of the writing of this intelligence information, the subject's identity had not been positively verified. Sgt. Madrigal asked the subject what was inside the plastic bag. The subject stated that the substance was "meth." Sgt. Madrigal questioned the subject numerous times regarding the substance, and the subject continued to state that it was meth. The subject then displayed the bag and voluntarily handed it to Sgt. Madrigal. Sgt. Madrigal asked the subject to walk with him toward his patrol vehicle so they could continue speaking. At that time, the subject fled on foot in the direction of the 1300 block of Decatur Street. Sgt. Madrigal retained the suspected narcotics and transported the evidence to the NOPD 8th District Station for documentation and field testing. The substance was contained inside a small clear zip-lock bag bearing Walgreens markings. The substance was subsequently field tested and produced a presumptive positive result for fentanyl.

As part of the follow-up investigation, Sgt. Madrigal reviewed Real-Time Crime Center camera footage with NOPD Sgt. Drew Williams. The camera footage from the area of Barracks and Chartres Streets showed that at approximately 8:00 PM, a white male appearing to be the same subject who later identified himself as Michael Evans was observed exiting 1243 Chartres Street. The video observation was consistent with Sgt. Madrigal's earlier personal observation of the subject leaving that location. Because the subject's identity had not been positively verified, the identification of the person depicted in the footage as Michael Evans remains subject to further investigation. The suspected narcotics were subsequently transported to Central Evidence and Property (CE&P) and submitted as evidence under NOPD Item # I-18645-26. CE&P documentation identifies the exhibit as one sealed clear plastic bag with Walgreens markings containing approximately 1.40 grams of white powder substance. The evidence was submitted for investigative purposes. This information is being documented for intelligence purposes due to the subject's possession of suspected narcotics, subsequent flight, and the observed association between the unidentified subject and 1243 Chartres Street. Further investigation is recommended to positively identify the subject and determine whether the location or individuals associated with it have any additional connection to narcotics-related activity.

Summary of Month Activities

9/20/2026

On Saturday, September 20th, 2026, at approximately 1:15 AM, Sgt. Madrigal was stationary in front of 836 Esplanade Ave. when he observed a white male arrive on a black bicycle. Sgt. Madrigal recognized the subject from the August 14th, 2026, incident involving Raymond Burton, during which the subject had provided a false name. The subject was identified as Kenny Taylor, DOB 11/01/1969. After verifying his identity, Sgt. Madrigal learned Taylor had an outstanding warrant. Taylor was detained and transported to the NOPD 8th District Station, where NCIC Operator Dunn confirmed that Taylor was wanted out of Harrison County, Mississippi, for failure to register as a convicted sex offender. During a search of Taylor's belongings, a glass bubble pipe containing white residue was recovered from a small bag in his possession.

9/23/2026

On Wednesday, September 23rd, 2026, at approximately 8:20 PM, Sgt. Madrigal was conducting vehicle patrol in the 700 block of Canal Street when he observed a male lying beside the streetcar tracks. An NOPD officer was already on scene and had asked the male to move. Sgt. Madrigal also asked him to move, but he did not comply. When Sgt. Madrigal attempted to help the male up, the male struck Sgt. Madrigal's right leg with his fist. Sgt. Madrigal attempted to detain him, but the male pulled his arms away as Sgt. Madrigal tried to place him in handcuffs. After a brief struggle, Sgt. Madrigal secured him in handcuffs without further incident. Sgt. Madrigal smelled an odor of an alcoholic beverage coming from the male's mouth. The male was identified as Jose Luis De La Cruz. De La Cruz was charged with battery of a police officer (La. R.S. 14:34.2) and resisting an officer (La. R.S. 14:108). He was also issued a municipal summons for public intoxication and impeding public transit operations.
